A minimum of 15 hours of observation is required for application to the Occupational Therapy Assistant Program. The observations must occur in at least three different occupational therapy service settings (five hours in each of the major treatment areas: physical disabilities, psychiatry and developmental disabilities/pediatrics). Please use this form to document your observations.

In a two-three page typed essay, describe your impressions and personal reactions related to the OT services you observed. Did you gain additional insights into the diversity and scope of the profession of occupational therapy? What were they? Why do you believe you are personally suited to this profession?

Submit this completed document and essay to:
