I. Introduction and President

- EC committee had a few complaints-
- More gender friendly bathrooms were requested,
- Newly identified Students have requested that their ID names are changed, which creates an issue because student IDs can actually be used as valid IDs and the names must *match* otherwise that can be refuted as invalid.
- The Gay-Straight Alliance requests that their flag shall be hung in front of the library at all times. EC has approved the flag to be raised only on days celebrating diversity rights.
