Formal Articulation Agreement between Orange County Community College and Mount Saint Mary College

This document, together with its attachment entitled Two Colleges, One Cohesive Education constitutes a formal articulation agreement between Orange County Community College in Middletown, New York and Mount Saint Mary College in Newburgh, New York. It represents the culmination of consultations between the respective administrations and faculties of the aforementioned institutions to update and refine its last revision which occurred in Fall 1995. Given the number of changes in curriculum at OCCC and MSMC, both in new programs and courses in recent years, this articulation necessitated substantial revisions.

The articulation agreement this document ratifies is predicated upon the conviction that students who earn an A.A., A.S. and, in some select instances, an A.A.S. degree from Orange County Community College, should be able, given perseverance, to continue and complete their undergraduate study at Mount Saint Mary College and earn a baccalaureate degree within a reasonable period of time, preferably within two years of full-time study. The transfer guide, which accompanies this document, is designed to guide the MSMC-bound OCCC student through his/her course selection, to facilitate the transfer of credit and to expedite, as much as possible, the student's progress towards a bachelor's degree.

We are very proud of the cooperative spirit with which the work of articulation was undertaken at both institutions. We believe that this agreement will be a great benefit to OCCC students who are considering matriculation at Mount Saint Mary College after completing their associates degree at Orange County Community College.

MISSIONS OF ORANGE COUNTY, NEW YORK COLLEGES

While different in some instances, the respective missions of Orange County Community College and Mount Saint Mary College are much more similar than dissimilar. Both institutions place great emphasis on creating a community of learners, value a general education in the liberal arts as a foundation for career and professional studies, accentuate the importance of service to the larger Orange County community and, beyond its environs, to the global community. Both institutions are also committed to lifelong learning as evidenced by their active programs in adult and continuing education.

Being in relatively close proximity, especially with the upcoming opening of OCCC’s satellite campus in Newburgh, Orange County Community College and Mount Saint Mary College regard each other as complementary (and not as adversarial) enterprises in the work of educating students for community service and civic responsibility. The leadership of each institution realizes that each is the stronger for the presence of the other and that the cumulative impact of each upon the students and community it serves is exponentially increased through mutual cooperation and collaboration.

Orange County Community College
OCCC is a community of learners dedicated to reaching out to all citizens of Orange County to enrich their lives through the highest-quality education possible. Intellectual rigor, personal commitment and enhanced citizenship distinguish a SUNY Orange education which enhances students’ economic opportunities, deepens their appreciation of culture and of their place in history while broadening their sense of responsibility in a democratic society.

Mount Saint Mary College
As reflected in its motto “Doce me veritatem” Mount Saint Mary College, founded by the Dominican Sisters of Newburgh, is an independent, coeducational institution committed to providing students with a liberal arts education to prepare them for lives of leadership and service. Through a variety of majors and professional programs students are also prepared for career entry or graduate and professional studies.

Consistent with Judeo-Christian values and the Dominican tradition of education that values the inherent worth of the individual, the mission of Mount Saint Mary College is to create an environment which fosters close student-faculty interaction that enables students to each their full potential as lifelong learners. Mount Saint Mary College strives to provide a stimulating environment that promotes the intellectual and personal growth of undergraduate, graduate and continuing education students.
MOUNT SAINT MARY COLLEGE PROFILE

Type: Independent, Co-educational, Four Year, Bachelor’s and Master’s Degree Granting Institution

Founded: 1959

Location: Newburgh, New York; serene location on bluff overlooking the Hudson River; magnificent views; campus midway between Albany and New York City; convenient from Interstates 84 and 87 and close to Metro-North and AM-Track in Beacon.

Classifications: Carnegie: MI  AAUP: IIB

Governance: Board of Trustees

Accreditation: Board of Regents of the State University of New York, Middle States Commission on Higher Education, National Council for Accreditation of Teacher Education, Commission on Collegiate Nursing Education

Admissions: Competitive

Transfer Admissions: 245 of 295 students accepted in 2005-2006. Mount Saint Mary College encourages applications from transfer students, particularly from area community colleges. Transfer students are admitted in any term.

Enrollments: 2, 588 Total Students

789 Resident Students
2,035 Degree Seeking Undergraduate Students
364 First-Time Freshman Students
1,687 Full-Time Undergraduates
348 Part-Time Undergraduates
480 Graduate Students

Library: 92,240 Book volumes and 25,191 online subscriptions

Geographic Distribution: Full-Time Undergraduate:

New York= 1,254
New Jersey= 118
Connecticut= 72
Other U.S. States= 36
Diversity: 23% Minority Students
   214 = Black
   182 = Hispanic
   60 = Asian
   11 = Other

Facilities: Main Campus: 44 acres, Desmond Campus: 26 acres
   Education Facilities = 8
   Student Resident Buildings = 19
   Student Residence Capacity = 850

Activities: Student organizations, clubs, newspaper, literary magazine; honors and study abroad programs; year round schedule of artistic and cultural events; also athletic activities and active campus ministry.

Athletics: College Athletics: NCAA Division III
   Baseball (M)
   Basketball (M/W)
   Soccer (M/W)
   Softball (W)
   Swimming (M/W)
   Tennis (M/W)
   Volleyball (W)

Faculty: Full-Time Instructional Staff: 74
   FTE Part-Time Faculty: 57
   Faculty-Student Ratio: 1:17
   Percent of Traditional Classes Taught by Full-Time Faculty: 57%

Undergraduate Programs: 19 undergraduate majors with each being under the aegis of one of the College’s eight divisions: Arts and Letters/ Business/ Education/ Mathematics and Computer Information Technology/ Natural Sciences/ Nursing/ Philosophy and Religious Studies/ Social Sciences.

Teacher Ed. Certification Undergraduate Programs leading to New York State Initial Certification in Childhood Education (1-6), Childhood Education with middle school extension (7-9), Dual Childhood Education and Special Education (1-6), Adolescence Education (7-12), Adolescence Education with middle school extension (5-6) and Dual Adolescence Education and Special Education (7-12)

Degrees: Bachelor of Arts, Bachelor of Science
   M.B.A. Master of Business Administration
   M.S. In Education
   M.S. In Nursing
Total Awarded through 2007:
  Bachelors: 10,073
  Masters: 2,160

Majors:
  19 Undergraduate majors
  Pre-Professional programs
  Articulation Programs/Post Graduate
  Professional Certificate programs
  Graduate programs in Business Administration, Education and Nursing

**Bachelor of Arts**
- Biology/PTB/Science
- Chemistry

- Computer Science/CIS
- Education
- Medical Technology
- Nursing

Computers:
- Wireless academic network, which provides access to on-line resources, including the Library and the Internet from anywhere on campus, including residence buildings; also Extensive Campus Technology Center.

To the Orange County Community College Student:
Whether you will be a full-time student or will just take a course or two, we hope your experience at Mount Saint Mary College – should you elect to transfer here – will be a satisfying one. Rest assured, you will be at home at the Mount. In many ways, the Mount is a replica of OCCC; it is an independent co-educational institution of higher learning with approximately 2,500 students. With a student-faculty ratio of 17 to 1, the atmosphere is close and personal. It’s almost impossible to feel like a stranger at MSMC. In all programs faculty collaborate with students in the learning process and relate to them as individuals.

Mount Saint Mary College embarked on this revision of its original articulation with Orange County Community College because it holds in high esteem the academic reputation of OCCC, and because it values and appreciates OCCC’s emphasis on “ensuring that all its students achieve their individual
potential.” MSMC also recognizes the continuous commitment OCCC has to academic excellence. Because of your excellent preparation for higher level academic work during your first two years at OCCC, you are – as far as the Mount is concerned – an excellent prospect for our academic programs.

Purpose

The purpose of this agreement is to provide prospective OCCC graduates with an Associate in Arts or Science degree in the specified areas and the Associate in Applied Science in other related areas (e.g. Business, Computer Information Systems) with a clear transfer path from Orange County Community College to the appropriate baccalaureate degree at Mount Saint Mary College. The Agreement also intends to delineate the specific transfer credits available at MSMC to students who have taken courses at Orange County Community College.

Agreement

1. Mount Saint Mary College (MSMC) agrees to accept graduates with an Associate of Arts or Associate of Science degree from Orange County Community College (OCCC) into the appropriate Bachelor of Arts or Bachelor of Science degree programs with full junior status and 60 hours of transfer credit. A maximum of 66 credits will be accepted from a two year institution. A grade of D is acceptable only with the 60 credit guarantee for an A.A. or A.S. degree or the first part of sequential subjects in which a grade of C or better is achieved in the second part (e.g. BIO 1130: D; BIO 1140: C).

2. MSMC further agrees to accept graduates with an Associate in Applied Science in Accounting, Business Administration, Communication, Media Arts, Computer Information Systems, etc. with full junior status and 60 hours of transfer credit.

3. MSMC agrees to accept the courses listed in this document for transfer credit as equivalent or for elective credit as indicated assuming that a grade of C or better was achieved. (See exception above.)

4. Representatives of the Departments/Divisions at both institutions will confer regularly concerning changes in curricula and other issues of mutual interest and will propose modifications of this agreement as deemed appropriate.

5. The terms of this agreement will remain in effect until amended/revised by mutual agreement or until nine (9) months after each institution formally notifies the other of its desire to cancel the agreement. The terms of this agreement will be reviewed, at a minimum, every five years.

TOPICS OF INTEREST TO PROSPECTIVE TRANSFERS

Majors at MSMC:
With a locus in the liberal arts and sciences, Mount Saint Mary College offers diverse majors within the spectrum of the arts and sciences and also in professional fields, such as accounting, business,
computer information technology and nursing; however, given its emphasis, it does not offer technical or occupational majors, which often do not require a comprehensive foundation in the liberal arts. That said, most OCCC A.A.S. programs are compatible with MSMC majors. For instance, students in criminal justice can pursue the Mount’s Sociology major with a concentration in criminal justice. The Mount’s list of nineteen major programs is fairly diverse for a college of 2,500 students. The full list of required coursework for each major is published in the Undergraduate Catalog. This articulation bulletin should be used conjointly with the catalog.

**Transferring Credits to MSMC:**
In order for OCCC credits to transfer to MSMC, the student must arrange for official transcripts of all college-level work to be sent to MSMC. Only credits applicable at MSMC will be accepted in transfer. In general, the following protocols apply with respect to transfer students from community colleges:

--A maximum of 66 credits are acceptable from two year institutions.

--Credits equivalent to the community college’s requirements for the A.A. or A.S. degree (to a maximum of 66 credits) will be accepted only for grades of C or better. D+ and D grades will not be accepted for any part of the maximum award.

--Students with an associate of applied science (A.A.S.) or an associate of science in Nursing will be awarded credit only for acceptable arts and sciences courses. Courses in nursing taken at the associate degree level are not transferable to the B.S. in Nursing at MSMC.

For further information about the transferability of credits from community colleges, consult the MSMC Undergraduate Catalog.

**Special Criteria for Entrance into Majors:**
Transfer students are subject to the same criteria for entrance into majors as students who began their college careers at MSMC. Some degree fields at the Mount require special criteria but most do not. Some exceptions include the following:

--Prospective majors in English must satisfactorily complete a gateway course, ENG 2040, Foundations of Literary Studies (3 credits), before being accepted into the program. Requirements for entrance into some professional programs can be more exacting. For example, students seeking temporary certification in education must pass ED 2051, Orientation to Teaching (1 credit) and achieve scores of 85% or better on all three of the education proficiency examinations for acceptance into the College’s education program. Also, students intending to major in Nursing—but not meeting admissions requirements for nursing—must take a minimum of 15 credits at MSMC and achieve a grade point average of 2.75 or better before being admitted to the Nursing Program.

**Other Viable Academic Experiences for Transfer:**
Service learning, independent study and special topics courses taken at OCCC may be taken in transfer or counted toward the major at MSMC. In these cases, MSMC relies upon its division chairpersons in the content area in which these academic experiences fall to make the determination of whether or not each of other venues is transferable.

**Comprehensiveness of this Articulation Bulletin:**
This bulletin does not substitute for the MSMC Undergraduate Catalog. This bulletin is intended only as a guide and handbook for the academic advisor and the student considering transfer to MSMC. It contains only (a) those OCCC courses for which there are equivalent courses at MSMC or
(b) those courses for which (while there is no exact equivalent) there is sanction because the subject matter meets and subscribes to the general expectations and understanding of what constitutes a liberal arts and sciences course at MSMC. This latter type of course usually transfers into MSMC as either a general or blanket elective or, if appropriate to the major field, as an elective in the major.

**Requirements for the Baccalaureate Degree:**
--A minimum of 120 semester hours, i.e. the total of the course credits, is required to earn the bachelor’s degree at MSMC, except for the B.S. degree in medical technology, which stipulates a minimum of 128 semester hours. Among the 120 semester hours, a minimum of 90 credits must be in the liberal arts and sciences to qualify for the Bachelors of Arts (B.A.) degree. For a Bachelor of Science (B.S.), a minimum of 60 credits of the 120 semester hours must be in the liberal arts and sciences. For the Bachelor of Science degree for the education curriculum, a minimum of 60-89 of the 120 semester hours must be in the liberal arts and sciences. For the Bachelor of Science for the nursing curriculum, a minimum of 60 of the 120 semester hours will be in the liberal arts and sciences.

--A minimum grade point average of 2.0 (C grade) for the four years of study (two at OCCC and two at MSMC) is required to earn a bachelors degree at MSMC.

--Students must also complete a minimum of 39 credits in selected discipline areas in General Education to qualify for a B.A. or B.S. degree.

**Certification in Education**
Transfer students seeking certification in education must achieve a minimum Grade Point Average of 2.75 in their first 15 credits of coursework at MSMC in order to be admitted into the College’s certification program. Students whose GPA falls below this minimum at the end of the semester will be granted one additional semester to raise their GPA to a 2.75. Failure to do so will lead to dismissal from the education program.

All students pursuing New York State certification must maintain a GPA of 2.75 to remain in the program. Students must also achieve a minimum grade of C+ in all required certification course to be eligible for student teaching and to be recommended for certification.

**Time Required to Complete MSMC degree:**
Most OCCC transfers can expect to complete their MSMC degree in two years (4 semesters) of full-time study (15-16 credits per term); however, if a complete change of discipline or major is made, it may take longer to complete the degree. Students who wish to graduate at the end of the two additional years at MSMC after OCCC, but who are behind in credit count can always opt for summer courses or courses in the MSMC accelerated program to expedite their progress toward the degree.

**Availability of Financial Aid and Finances:**
While the cost of your education will be higher at Mount Saint Mary College than at your community college, MSMC tuition ($668 per credit hour in Academic Year 2008-2009), is moderately priced in comparison to other private, four year colleges. Grants and low interest loans provide ways to bridge the gap between two year and four year college costs. Eligible transfers may receive Pell grants and
Supplemental Education Opportunity Grants (SEOG). Also available for students who qualify are federal student loans with very low rates of interest and a deferred repayment schedule, e.g. Stafford Loans. Students may also apply for Guaranteed Student loans insured by The State of New York and reinsured by the Federal Government. In addition, the College’s work study program, depending upon need and availability of funds, provides jobs for students who need financial aid. Relevant information concerning financial aid is forwarded to the transfer student at the time of acceptance.

GENERAL EDUCATION REQUIREMENTS

In order to graduate from Mount Saint Mary College with a degree of bachelor of arts or bachelor of science, you will have to accumulate 120 semester hours and achieve a minimum grade point average of 2.0 (C grade) over your four years of study.

Of the 120 credits (including transfer credits) needed to graduate, 39 credits in General Education (core) are required. Students must complete these 39 credits in four specified divisional areas as follows:

I. LIST OF OCCC COURSES BY DIVISION

As an Orange County Community College student, you have already taken and/or are currently taking many courses that will transfer into MSMC to satisfy its General Education (core) requirements. Following is a fairly comprehensive list of courses at Orange County Community College which will fulfill general education requirements by division at MSMC, a total of 39 credits over four academic areas.

DIVISION OF ARTS AND LETTERS (12 credits)

English
ENG 1010 (3) and ENG 1020 (3) are required courses for all students. At least six additional credits must be taken in this division and the remaining six credits must be distributed over at least two areas in the division: English/Communication Arts (considered one area), fine arts (art, music and theater) and foreign languages (considered the other area). All teacher education students must complete at least 3 credits of a language other than English and all childhood education students must also have at least one course in art, music or theater.

Communication
Communication and language courses at MSMC also fall under the aegis of the Division of Arts and Letters. They unfold to the student effective structures of communication and, in the case of foreign languages, introduce other diverse and invaluable cultures. An OCCC course in communication or a foreign language can be used to fulfill MSMC’s general education requirement in Arts and Letters. Courses at OCCC that can be used to meet this requirement in transfer include (but are not necessarily limited to) the following:

<table>
<thead>
<tr>

**Note:** Orange County Community College offers many more courses in Fine Arts areas, including architecture, photography and photo journalism and theatre. Many of these courses are not individually listed in this agreement because there are no exact equivalents for them at MSMC; however most of these courses are acceptable for elective credit upon transfer and will satisfy the general education requirement. For a complete listing of courses in art, music and languages that will transfer into MSMC, see Section III of this articulation agreement.

**DIVISION OF NATURAL SCIENCE AND DIVISION OF MATHEMATICS AND COMPUTER INFORMATION TECHNOLOGY (9 CREDITS)**

In order to satisfy the general education requirement in Natural Sciences and Mathematics, a student must have completed a minimum of three courses (9 credits) in the natural sciences/mathematics areas, which encompass the following fields: astronomy, biology, chemistry, earth sciences, mathematics and physics. Satisfactory completion of one natural sciences course with a lab component and one mathematics course must be included in the 9 credits in order to graduate. The following OCCC courses in the natural sciences and mathematics may be taken to meet these requirements:
### Astronomy
AST 120 Astronomy (3)

### Biology
- BIO 101 General Biology I (4)
- BIO 102 General Biology II (4)
- BIO 110 Introduction to Biology (3)
- BIO 111 Anatomy & Physiology I (4)
- BIO 112 Anatomy & Physiology II (4)
- BIO 115 Human Biology (4)
- BIO 120 Biology for Today (3)
- BIO 141 Diversity of Life (3)
- BIO 143 Field Biology (3)
- BIO 146 Avian Biology (3)
- BIO 148 Environmental Conservation (3)
- BIO 201 Genetics (4)
- BIO 202 Comparative Vertebrate Anatomy (4)
- BIO 204 General Botany (4)
- BIO 205 General Ecology (4)

### Computer Information Technology
- CIT 101 Microcomputer Applications (3)
- CIT 111 Internet and HTML (3)
- CIT 112 Computer Hardware/Maintenance (3)
- CIT 115 Visual Basic (3)
- CIT 116 Networking I (3 elective credit in CIT)
- CIT 203 Networking II (4 MSMC credits)
- CIT 206 Networking Security (3)
- CIT 211 Systems Analysis (3)
- CIT 212 Systems Design (3)
- CIT 217 Intro to UNIX/.LINUX (3)
- CIT 225 Database Fundamentals/Design (3)
- CSC 101 Computer Science I (4)
- CSC 102 Computer Science II (4)
- CSC 130 Computers and Computing (3)
- CSC 201 Data Structures (3)

### Geology
- GLG 110 Physical Geology (4)
- GLG 112 Historical Geology (3)
- GLG 120 Environmental Geology (3)

### Mathematics

DIVISION OF PHILOSOPHY AND RELIGIOUS STUDIES (9 CREDITS)

While the Division of Philosophy and Religious Studies offers majors in neither field, students are required to complete 9 credits of course work in these areas to fulfill MSMC general education requirements; also, students must elect at least one course (3 credits) of the nine credits required in the content area of philosophy. Students taking courses in philosophy and religious studies confront and cope with the great questions that absorb the thinking person; consequently, courses in these fields cultivate serious thinking about matters of primary and ultimate concern. It is the aim of the Division of Philosophy and Religious Studies to instruct each student in how to philosophize and to probe, if not resolve, issues of purpose and destiny. Orange County Community College courses that can be used to fulfill the MSMC general education requirement in Philosophy and Religious Studies are as follows:

PHL 111 Old Testament (3)      PHL 220 Ethics (3)  
PHL 112 New Testament (3)       PHL 230 Religious Concepts (3)  
PHL 210 Philosophy (3)

DIVISION OF SOCIAL SCIENCES (9 CREDITS)

To satisfy the general education requirement (9 credits) in the Social Sciences area, students must complete a minimum of a 3 credit course in history and two more courses in one or more of the following fields: anthropology, history, political science, human services, psychology and sociology. Orange County Community College courses that satisfy MSMC’s general education requirement in the Social Sciences are as follows:

**Anthropology**
ANT 101 Cultural and Social Anthropology (3)

**Geography**
GEO 101 Elements of Physical Geography (3)  
GEO 102 Human Geography (3)

**Geology**
GLG 110 Physical Geography (4)  
GLG 112 Historical Geology (3)  
GLG 120 Environmental Geology (3)

**History**
HIS 101 U.S. History to 1865 (3)  
HIS 102 U.S. History Since 1865 (3)  
HIS 103 History of African-Americans (3)  
HIS 104 American Civil War (3)  
HIS 121 World History to 1500 A.D. (3)  
HIS 122 World History Since 1500 A.D. (3)  
HIS 123 Latin American Heritage (3)  
HIS 124 Africa: Past and Present (3)  
HIS 130 The Greek & Roman World (3)  
HIS 131 Medieval & Renaissance World (3)  
HIS 132 Age of Revolutions (3)  
HIS 133 Modern Europe (3)  
HIS 220 Modern China & Japan (3)  
HIS 221 Modern India and Asia (3)  
HIS 222 The Middle East (3)

**Psychology**
The Honors Program at Orange County Community College

According to the Orange County Community College’s Academic Catalog, the Honors Program at OCCC was created to offer highly motivated and talented students an opportunity to develop their potential more fully as they study for the associate degree. Students pursuing an honors degree from SUNY Orange must take a specified number of honors credits to qualify for graduation with honors.

Transfer of OCCC Honors Credits to Mount Saint Mary College

Students graduating from OCCC with an honors degree will be invited to participate in The Honors Program at Mount Saint Mary College. To complete the honors program at MSMC, the student must secure 18 honors credits, of which three credits must be for 400 level honors independent research, and achieve, prior to graduation, a 3.40 cumulative average. Up to nine credits of honors level coursework completed at accredited community colleges and universities can be applied toward the 18 required for honors program completion at MSMC; however, only grades of B or better in honors courses at other colleges will be accepted for transfer into MSMC’s program.

The MSMC registrar will inform the honors coordinator of each transfer student who qualifies for the transfer of honors credit from another college. The honors coordinator will then extend an invitation to the students to participate in the MSMC honors program.

II. OCCC Courses and Equivalent MSMC Major Courses

The major programs listed in the section that follows indicate the courses a student can take at Orange County Community College that can be used to satisfy the specified major(s) at Mount Saint Mary College. However, courses not listed here with exact equivalents may be accepted in transfer by MSMC as general elective credit toward a degree.

Accounting

Recommended OCCC Program of Study: Associate in Science in Accounting. This program prepares graduates to continue their education in accounting or finance at a four year college or university.

MSMC’s B.S. in Accounting is designed to provide training in the fundamentals of accounting as a necessary skill for the understanding of business. It provides a sequence of specialized instruction in
accounting theory, cost management, budgeting, auditing, taxation, accounting systems and accounting as a management tool. The student majoring in accounting is prepared for a career in public accounting, corporate accounting or government service as well as for graduate study. The accounting major requires 24 credits in accounting and 36 credits in related fields.

Full junior status will be credited to graduates of OCCC earning an A.S. degree in Business Administration and the A.S. degree in Accounting. Listed below are OCCC courses that transfer as equivalents to MSMC courses.

**OCCC COURSES**

**Courses in Accounting**
- ACC 153 Financial Accounting (4)
- ACC 154 Managerial Accounting (4)
- ACC 201 Intermediate Accounting I (4)
- ACC 202 Intermediate Accounting II (4)

- MGT 201 Principles of Management (3)
- MKT 101 Principles of Marketing (3)
- BUS 201 Business Law I (3)
- BUS 202 Business Law II (3)
- BUS 205 Business Statistics (3)

- ACC 205 Accounting: Microcomputer Appl. (3)
- ACC 211 Federal Income Tax Procedures (3)
- ACC 214 Accounting Practice (4)
- BUS 101 Business Mathematics (3)
- BUS 103 Introduction to Business (3)
- BUS 105 Business and Society (3)
- BUS 111 E-Business Principles (3)
- BUS 203 Business Communications (3)
- BUS 207 Introduction to International Business (3)
- MGT 203 Entrepreneurship (3)
- MGT 205 Human Resource Management (3)
- MKT 201 Principles of Advertising (3)
- MKT 202 Salesmanship (3)
- MKT 203 Marketing Management (3)
- MKT 204 Problems in Marketing (3)

**EQUIVALENT MSMC COURSES**

**Required Courses for Accounting Major**
- ACC 1050 Financial Accounting (3/1 elective)
- ACC 1060 Managerial Accounting (3/1 elective)
- ACC 2010 Intermediate Accounting I (3/1 elective)
- ACC 2020 Intermediate Accounting II (3/1 elective)

**Requirements in Related Fields**
- BUS 1010 Introduction to Management (3)
- BUS 1020 Marketing Principles (3)
- BUS 2050 Business Law I (3)
- BUS 2060 Business Law II (3)
- MTH 2070 Elementary Statistics (3)

**Electives in Business**

(15 Elective Credits required for major)

- Elective in Accounting (3)
- Elective in Accounting (3)
- Elective in Accounting (3/1 elective)
- Elective in Business (3)
- Elective in Business (3)
- Elective in Business (3)
- BUS 3170 Electronic Commerce (3)
- CMA 3120 Management Communications (3)
- BUS 3080 Introduction to International Business (3)
- Elective in Business (3)
- BUS 3090 Human Resource Management (3)
- CMA 4080 Advertising (3)
- Elective in Business (3)
- BUS 4030 Marketing Management (3)
- Elective in Business (3)

**BIOLOGY**

Recommended OCCC Program of Study: Associate in Science in Liberal Arts and Sciences is for students who plan to continue their education, majoring in biology at a four year college or university. The program also serves students who seek certification to teach in New York State in either childhood elementary or secondary education.
The curriculum leading to a B.A. in biology prepares students for careers that range from physician to teacher to science writer and include such diverse specialties as agricultural scientist, nutritionist, cytogeneticist, and animal behaviorist, to name just a few. Completion of the course work in the biology major fulfills the standard requirements for entrance into medical, dental, veterinary and graduate schools in the biological sciences. The degree in biology also prepares students of podiatry, chiropractic, optometry, medical technology and physical therapy. Several biology courses can provide an important dimension to students majoring in such areas as psychology and nursing.

**OCCC COURSES**

**Foundational Biology Courses**
- BIO 101 General Biology I (4)
- BIO 102 General Biology II (4)

**Specialized Biology Courses**
- BIO 111 Anatomy & Physiology I (4)
- BIO 112 Anatomy & Physiology II (4)
- BIO 113 Neurobiology (3)
- BIO 143 Field Biology (3)
- BIO 146 Avian Biology (3)

**Elective Biology Courses**
- BIO 115 Human Biology (4)
- BIO 120 Biology for Today (3)
- BIO 120DL Biology for Today (3)
- BIO 123 Prehistoric Life (3)
- BIO 123DL Prehistoric Life (3)
- BIO 141 Diversity of Life (3)
- BIO 148 Environmental Conservation (3)
- BIO 201 Genetics (4)
- BIO 202 Comparative Vertebrate Anatomy (4)
- BIO 204 General Botany (4)
- BIO 205 General Ecology (4)

**Required Mathematics Course(s)**
- MAT 205 Calculus I (4)
- MAT 206 Calculus II (4)

**Required Science Support Courses**
- CHM 105 General Chemistry I (4)
- CHM 106 General Chemistry II (4)
- CHM 201 Organic Chemistry I (4)
- CHM 202 Organic Chemistry II (4)
- PHY 105 General Physics I With Calculus (4)
- PHY 106 General Physics II With Calculus (4)

**EQUIVALENT MSMC COURSES**

**Foundational Biology Courses**
- BIO 1130 Biological Principles I (4)
- BIO 1140 Biological Principles II (4)

**Specialized Biology Courses**
- BIO 1030 Human Anatomy & Phys. I (4)
- BIO 1040 Human Anatomy & Phys. II (4)
- BIO 0530 Non-Core Elective (3)
- BIO 0530 Core Elective with lab (3)
- BIO 0430 Core Elective - no lab (3)

**Elective Biology Courses**
- BIO 0540 Core Elective in Biology with lab (4)
- BIO 0430 Core Elective - no lab (3)
- BIO 0430 Core Elective in Biology- no lab (3)
- BIO 0430 Core Elective in Biology (3)
- BIO 0530 Core Elective with lab (3)
- BIO 0430 Core Elective - no lab (3)
- BIO 0530 Core Elective with lab (3)
- BIO 0430 Core Elective - no lab (3)
- BIO 3020 Genetics (4)
- BIO 3040 Vertebrate Biology (4)
- BIO 3080 General Botany (4)
- BIO 4080 Ecology (4)

**Required Mathematics Course(s)**
- MTH 2510 Analytic Geometry/Calculus I (4)
- MTH 2510 Analytic Geometry/Calculus II (4)

**Required Science Support Courses**
- CHM 1510 Chemical Prin. I (4)
- CHM 1520 Chemical Prin. II (4)
- CHM 2010 Organic Chemistry I (4)
- CHM 2020 Organic Chemistry II (4)
- PHY 2010 General Physics I (4)
- PHY 2020 General Physics II (4)

**BIOLOGY WITH CHILDHOOD/ADOLESCENCE EDUCATION CERTIFICATION**
Students majoring in biology and planning to qualify to teach on the childhood or adolescent levels will follow a modified program that includes earth science and statistics. A limited number of substitutions authorized by the division may be made in the preceding requirements for the biology major.

This major combines both the requirements of the biology major with additional content requirements of the Division of Education.

**OCCC COURSES**

**Required Mathematics Course**

MAT 125  Introduction to Statistics (3)

**EQUIVALENT MSMC COURSES**

MTH 2070  Statistics (3)

**Required Science Course**

GLG 110  Physical Geology (4)

ERS 1030 Intro to Earth Science I (3/1 elective)

**Note:** Students pursuing certification in education and majoring in biology do not have to take the calculus-based physics to major in biology. OCCC’s PHY 101, General Physics I (4 credits) and PHY 102, General Physics II (4 credits) will suffice and will transfer into MSMC as PHY 1010, Introduction to Physics I (4 credits) and PHY 1020, Introduction to Physics II (4 credits). However, students seeking a straight biology major without education certification—perhaps in preparation for graduate work in biology—need to take OCCC’s PHY 105 (4 credits) and PHY 106 (4 credits), General Physics with Calculus, which are equivalent to MSMC’s PHY 2010 (4 credits) and PHY 2020 (4 credits). If a student decides not to pursue education certification mid-stream, then, to complete our biology major, he/she would need to complete at least one general physics with calculus course prior to graduation from MSMC.

**BUSINESS MANAGEMENT AND ADMINISTRATION**

Recommended OCCC Program: Associate in Applied Science/Accredited by the Association of Collegiate Business Schools and Programs.

The Associate in Science degree program in Business Administration is designed for those students who plan to transfer and continue their business education at a four year college. This degree parallels the bachelor’s degree requirements at Mount Saint Mary College and other four year colleges in the region.

The study of business at Mount Saint Mary College is conceived of as a liberal discipline. The Business Management and Administration major is intended to provide the student with the professional knowledge of the field within the context of a comprehensive liberal arts education. The major provides a sequence of specialized instruction in management, marketing, economics, business law and accounting. The student is prepared to enter the business management environment or to pursue further studies at the graduate level.
Concentrations: The Business Management and Administration major offers five concentrations: Finance (18 credits), Management Information Systems (21 credits), Human Resources Management (18 credits), International Business (18 credits) and Marketing (18 credits).

CHEMISTRY

Recommended OCCC Program: Associate in Science. The associate in science degree program provides the core courses that would be encountered in the first two years of study at Mount Saint Mary College by students who intend to major in chemistry or who will seek teacher certification in chemistry at the elementary or secondary level.

Courses in Chemistry are designed for students who: (1) intend to major in chemistry; (2) require chemistry for work in other fields; or (3) have a general interest in this field. An appropriate selection of courses will fulfill the standard requirements for entrance to medical or dental school or graduate work in chemistry and/or industrial art teaching careers.
### OCCC COURSES

#### Required Chemistry Major Courses
- CHM 105  General Chemistry I (4)
- CHM 106  General Chemistry II (4)
- CHM 201  Organic Chemistry I (4)
- CHM 202  Organic Chemistry II (4)

#### Required Support Courses
- BIO 101  General Biology I (4)
- MAT 205  Calculus I (4)
- PHY 105  General Physics I With Calculus (4)

### EQUIVALENT MSMC COURSES

#### Required Chemistry Major Courses
- CHM 1510  Chemical Principles I (4)
- CHM 1520  Chemical Principles II (4)
- CHM 2010  Organic Chemistry I (4)
- CHM 2020  Organic Chemistry II (4)

#### Required Support Courses
- BIO 1130  Biological Principles I (4)
- MAT 2510  Analytic Geometry & Calculus I (4)
- PHY 2010  General Physics I (4)

### CHEMISTRY WITH CHILDHOOD AND ADOLESCENCE EDUCATION CERTIFICATION (GRADES 1-6)/(GRADES 7-12)

Students majoring in chemistry and planning to qualify to teach in elementary or secondary schools must take a year of earth science courses in addition to those listed for the major. A limited number of substitutions authorized by the Division of Natural Science may be made in the preceding requirements for the chemistry major.

This major combines both the requirements of the chemistry major with additional content requirements of the Division of Education.

#### OCCC COURSES

#### Required for Certification
- GLG 110  Physical Geology (4)

#### EQUIVALENT MSMC COURSES

#### Required for Certification
- ERS 1030  Introduction to Earth Science I (3/1 elective)

### COMMUNICATION ARTS

#### Recommended OCCC Program:  Associate in Arts: Humanities and Social Science.

While our ability to share knowledge and information has expanded due to technological advances, it remains true that all communication, no matter how sophisticated its transmission, must be based on coherent thinking, clear and persuasive writing and oral skills.

Students intending to specialize in Communication Arts at MSMC will choose one of two majors: Media Studies or Public Relations. Students electing the major in Media Studies then choose one of two concentrations within that field, either Media Studies/Journalism concentration or Media Studies/Production Concentration. To see OCCC courses in the areas of communication and MSMC equivalent courses in these areas, refer to “Media Studies” and “Public Relations” in this alphabetical list of major programs with course equivalents.
COMPUTER INFORMATION TECHNOLOGY

Recommended OCCC Program: A.A.S. in CIT Networking or A.S. in Computer Science. This Associates degree program prepares students for employment in a variety of entry level careers in computer networking and information technology occupations and for entry into B.A. degree programs.

The Bachelor of Arts in Computer Information Technology is designed to provide the student with a practical grounding in fundamentals and skills in specific concentrations of the computer arts. The program prepares students who will utilize computers in educational or industrial environments, such as networking or web administrative positions. All information technology majors are given a firm grounding in fundamental computer concepts and philosophy, in conjunction with an in-depth education in one of two areas of concentration: IT Network/Web or Educational Technology.

</table>

The CIT bachelors program in Information Technology features two areas of concentration/specialization: (1) IT Network Web, and (2) Educational Technology. CIT majors elect one of these concentrations/specializations (8 courses) 24 credits to complete their major in CIT (total 45 credit hours).

1. Network/Web Concentration
   This concentration satisfies the needs of the student who wishes to become a networking professional. This concentration assumes that students will have significant prior knowledge and experience in computers.

</tr>
</tbody>
</table>

2. Educational Technology Concentration
   This concentration is intended to satisfy the needs of students pursuing education certification who would like to develop the skills necessary to specialize in educational technologies. The following courses are required at MSMC to complete this concentration: CIT 2050 Presentation Media (3), CIT 3110 Technologies for Learning (3), CIT 3210 Distributed Learning (3), CIT 3710 Managing Technology Resources, CIT 4300 Problem Solving and Collaborative Learning with Technologies, CIT 4510 Instructional Design of Educational Technologies (3) and CIT 4610 Technology Studio (3). These courses reflect the growing influence of technology on education.
**EDUCATION**

Recommended OCCC Program of Study: Associate in Arts: Advisement track for transfer to Mount Saint Mary College: Options in Childhood Education, Adolescence Education and Teaching Students with Disabilities, Dual Childhood, Special Education and Literacy.

This advisement track is designed for students who plan to transfer and pursue a baccalaureate degree at MSMC in preparation to become certified teachers in one of the following areas: Childhood Education, grades 1-6, Childhood Education and Teaching Students with Disabilities, grades 1-6, Adolescence Education, grades 7-12, Adolescence Education and Teaching Students with Disabilities, grades 7-12. The program provides for the first two years of study to be completed at Orange County Community College and the following two years at Mount Saint Mary College.

**TOTAL: 60 to 66 CREDITS**

(a) It is recommended that transfer students complete one semester of foreign language study prior to transfer. Individuals with previous foreign language study who wish to continue with that language should consult foreign language instructor(s) at OCCC for assistance in selecting the appropriate course.

(b) Students should select a natural science course, appropriate to their ability, from course listings by field in Section III General List of Equivalencies.

TOTAL: 60 to 66 CREDITS
(c) MAT 111 is recommended only for students who choose option in Childhood Education. MAT 131 Pre-calculus or higher is recommended for students choosing options in Adolescence Education and majors in Mathematics and Science. MAT 113 or higher is recommended for students choosing options Adolescence Education and majors other than Mathematics and Science.

(d) The baccalaureate degree in Childhood Education/Teaching Students with Disabilities, Grades 1-6 requires a minimum of 30 credit hours in an academic major. Students should plan to complete between 12-16 credits toward the major at Mount Saint Mary College. Content majors for students majoring in childhood or Adolescence Education include: Biology, English, Hispanic Studies, History, History/Political Science, Mathematics, and Social Science with a concentration in History or History/Political Science. (Note: the gateway course required to major in English is ENG 2040 Foundations of Literary Studies. All prospective English majors must take and complete this course with no less than a C to continue in the English major. OCCC transfer students seeking to major in English should register for ENG 2040 as soon as possible after their admission to MSMC.)

(e) PSY 221 is required for students who choose the childhood education certification option. PSY 222 is required for students electing the adolescence education certification option.

(f) Specified observation hours related to relevant coursework in education will be accepted by MSMC toward certification requirements provided these hours are validated by the OCCC chairperson in education.

**ENGLISH**

Recommended OCCC Program of Studies: Liberal Arts: Humanities and Social Science. Degree Awarded: A.A. OCCC graduates are well prepared to continue their studies in English and the humanities at Mount Saint Mary College.

The English major at MSMC is designed to prepare students for graduate study and for careers in professional fields including adolescence and childhood education. Students majoring in English read extensively and critically analyze selected works of literature. They are expected to achieve proficiency in oral and written expression as well as in critical thinking.

**Important:** In order to continue as an English major at MSMC, students must register for and satisfactorily complete (minimum grade of C) ENG 2040 Foundations of Literary Studies (3 credits). In this writing-intensive course, students will engage in close reading of literary texts and write researched, documented essays on such texts. Students who earn less than a C may repeat this course only once. ENG 2040 is a requirement for English majors and is a prerequisite for ENG 4900. It is designed as a sophomore level course.

HISPANIC STUDIES

The Hispanic Studies major at Mount Saint Mary College seeks to prepare students for graduate study and for careers in business, education and with social agencies or in health-related fields. Majors are required to complete a minimum of 30 credits in Hispanic Studies.

Education students can obtain childhood or adolescence certification with a major in Hispanic Studies. This major combines both the requirements of the Hispanic Studies major with additional content requirements of the Division of Education.

HISTORY

Recommended OCCC Program of Study: Liberal Arts: Humanities and Social Science. Degree awarded: A.A.: Options in Childhood Education, Adolescence Education. OCCC graduates complete an A.A. with a concentration in Social Sciences, which enables them to continue their studies in history and humanities at Mount Saint Mary College toward a four year degree.

The study of history in today’s world equips students with analytical skills and research techniques to gain context and perspective in viewing the past as it relates to the present. In organizing the curriculum, care has been taken to provide students with a broad general knowledge of history and to provide a firm foundation for graduate school or careers in business, government service, law and teaching. Practice and theory are linked through internships in local historical societies and at local historic sites. (At least one history course at the 1000 level must be taken as a prerequisite for upper-level history courses.)

## HISTORY/POLITICAL SCIENCE

Recommended OCCC Program of Study: Liberal Arts: Humanities and Social Science.

In joining together two closely related disciplines, the major in history/political science is designed to develop in the student an understanding of political behavior in both historical and modern contexts. Through the study of history, the student learns the historical foundations upon which the contemporary world is based. Through political science the student becomes aware of the structure, organization and theory of the institutions that govern the modern world. In both disciplines the student learns analytic skills and research techniques that are of great practical value in both educational and career settings. Career opportunities include careers in law, teaching on the elementary, secondary, college or university level, and business and government service.

HUMAN SERVICES

OCCC Program of Study: A.S. Associate in Science. This OCCC program prepares graduates to transfer and complete a bachelor’s degree in human services, psychology or sociology.

The Human Services major at Mount Saint Mary College prepares students to work with children or adults within a variety of settings. The major emphasizes the interrelationships among individual growth and development, family structure, and the larger social setting. Students become familiar with the history of the helping professions, with various approaches to the development of social policy, and with the structure of the social service system in the United States.

Human services majors graduate from MSMC with a Bachelor of arts degree in human services. The program prepares them to work in direct service or administrative support within a service delivery system in the not for profit and public sectors. Graduates may take positions in such areas as child welfare agencies, health care, community advocacy, group residences and recreational programs. Human service majors interested in further professional studies may enter graduate programs, such as social work, psychology, counseling, public administration and arts therapy.

PSY 3050  Developmental Psychology (3)
PSY 4250  Abnormal Psychology (3)
PSY 3510/SOC 2700 Social Psychology (3)

**HUMAN SERVICES – SOCIAL COMMUNITY SERVICES CONCENTRATION**

To complete the major in Human Services with a Social Community Services concentration, the student must take 12 credits in addition to courses required for the Human Services major from the following list:

**OCCC COURSES**
SOC 120  Social Problems (3)

**EQUIVALENT MSMC COURSES**
SOC 2320  Social Problems (3)

**Note:** OCCC has no equivalent courses for the other required course options in sociology for this concentration.

**INTERDISCIPLINARY STUDIES**

OCCC students may elect Mount Saint Mary College’s Interdisciplinary Studies program upon transfer to MSMC. The flexibility of this program allows community college students to apply earned credits in two or three fields toward the major in interdisciplinary studies.

A student who wishes to pursue a specific topic or theme that crosses disciplinary lines and for which there is no formal major at the college may choose to major in interdisciplinary studies. Any topic for which there are sufficient courses in the catalog to meet the requirements of the major may form the basis for an interdisciplinary major.

The interdisciplinary studies major shall consist of no fewer than 33 and no more than 48 credits. These credits shall be distributed in at least two and not more than three academic areas. There shall be no fewer than 9 credits in any area included in the major and 12 credits shall be at the upper-division level.

Aside from completing requirements for the major, students shall earn 39 credits of general education course requirements, as required for the degree and shall choose electives from other academic areas, so that the total number of credits earned will be at least 120.

Once a student decides to pursue this major, he/she contacts or is referred to the adviser for interdisciplinary studies. Under advisement, the student will design a major plan of courses for a major and for electives. This plan may include as many as 9 credits in life experience toward the major area.

The plan will then be presented to the division chairs or representatives of selected major disciplines for their approval.
The student should retain one copy of the major plan; one will be given to the adviser; and one will be forwarded to the Office of the Registrar.

In consultation with the adviser for interdisciplinary studies, the student may develop an interdisciplinary studies program with concentrations tailored to his/her interests and career aspirations.

## MATHEMATICS

Recommended OCCC Program of Study: Associate of Science in Liberal Arts and Sciences. The Associate in Science degree program in liberal arts and sciences with a mathematics and science emphasis is designed specifically for students to transfer, with junior status, to the appropriate upper-level college or university where they can complete the B.S./B.A. degree in their chosen field of study.

Mathematics courses at MSMC are designed to engender general interest and professional competence in the field. They will prepare students who wish to become professional mathematicians or use mathematics concepts in their own field of study. Students majoring in mathematics may also qualify for certification in childhood or adolescence education. An appropriate selection of courses will provide the background and skills requisite for mathematical applications in the sciences, social sciences and business areas. The demands of a technological society present many career opportunities for qualified students who can interpret and implement computer-based information.

requirements of the Division of Education.

Note: See Mathematics major.

MEDIA STUDIES

Recommended OCCC Program of Study: Liberal Arts: Humanities and Social Science. Degree
Awarded: A.A.

The Media Studies major prepares students for graduate study and for positions in the various media
professions, such as journalism, publishing, radio, television, digital media and other electronic
communication. Based on their career goals within the media studies workplace, students majoring
in media studies select one of two concentration tracks: (1) Media Studies/Journalism Concentration,
or (2) Media Studies/Production Concentration. In the list of OCCC media communication courses
and their MSMC course equivalents that follows, those that apply only to the Media Studies/Production track are identified as “MS/P” in parenthesis after the MSMC course equivalent.

**Note:** OCCC courses in nutrition and pharmacology are pending approval by MSMC Nursing Committee as of date of this articulation.

PSYCHOLOGY
Recommended OCCC Program of Study: Associate in Arts Program in Humanities and Social Sciences. At OCCC areas of study under the Associate in Arts degree include studies in the social sciences, of which psychology is a major content area.

Courses in Psychology at MSMC are designed to serve a number of purposes: to satisfy intellectual curiosity; to offer insights into human behavior, personal and social; to offer another dimension of discovery to the studies of those involved in education and nursing, in particular, and to all disciplines in general; to prepare those choosing a major in psychology for graduate school and for careers in the helping professions.

Students with the baccalaureate degree in psychology have a firm foundation for entry level careers in social service agencies, consumer advocacy, business (such as personnel work and organization development) and community improvement groups. In addition, the psychology degree constitutes strong preparation for graduate studies.

### OCCC COURSES

#### Cognate Courses
- PSY 101 General Psychology I (3)
- PSY 102 General Psychology II (3)
- PSY 220 Developmental Psychology (3)
- PSY 230 Abnormal Psychology (3)

#### Cognate Courses
- PSY 221 Child Psychology (3)
- PSY 222 Adolescent Psychology (3)
- PSY 240 Social Psychology (3)

#### Non-Cognate Electives
- PSY 223 Psychology of Adulthood and Aging (3)
- PSY 250 Human Sexuality (3)

### EQUIVALENT MSMC COURSES

#### Required for Major
- PSY 1010 General Psychology (3)
- PSY 3050 Developmental Psychology (3)
- PSY 4250 Abnormal Psychology (3)
- PSY 3010 Child Psychology (3)
- PSY 3230 Adolescent Psychology (3)
- PSY 3510/SOC 2700 Social Psychology (3)

#### Elective in Psychology (3)
- Elective in Psychology (3)

### PUBLIC RELATIONS

Recommended OCCC Program of Study: Liberal Arts: Humanities and Social Science. Degree Awarded: A.A.

The Public Relations major is designed to prepare students for graduate study and entry level positions in public relations.

### OCCC COURSES

- COM 101 Foundations of Communication (3)
- COM 103 The Speaking Voice (3)
- COM 111 Digital Radio Production (3)
- COM 201 Oral Interpretation (3)
- COM 203 Interpersonal Communication (3)
- COM 205 Small Group Communication (3)
- COM 207 Public Speaking (3)
- COM 209 Debate (3)

### EQUIVALENT MSMC COURSES

- CMA 0530 Communication Elective (3)
- COM 4028 Voice and Diction (3)
- CMA 0530 Communication Elective (3)
- CMA 2420 Oral Interpretation (3)
- CMA 1040 Interpersonal Communications (3)
- CMA 0530 Communication Elective (3)
- CMA/ENG 2170 Public Speaking (3)
- CMA 0530 Communication Elective (3)
COM 211  Intercultural Communication (3)       CMA 1060  Intercultural Communication (3)
COM 213  Popular Culture and the Media (3)    CMA 0530  Communication Elective
COM 215  Conflict Resolution (3)              CMA 0530  Communication Elective
COM 217  Intro to Communication Disorders (3) CMA 0530  Communication Elective

**SOCIOLGY**

Recommended OCCC Program of Study: Human Services. Degree Awarded: A.S. or A.A. Associate in Arts in Liberal Arts: Humanities and Social Science.

Sociology courses offer a multitude of resources for the student. Through instruction in Sociology, the student acquires valuable information and techniques that are applicable to a variety of professional careers. Students interested in primary and secondary education, law, social work, general business, marketing, public service and academia find considerable value in the sociological perspective. The courses offered within sociology attempt to meet the varied needs of the MSMC student body. Students majoring in sociology at MSMC must take the minimum of 33 credits in the discipline: 21 required courses/12 Elective Credits.

**OCCC COURSES**

Required Courses for Major in Sociology
SOC 101  Introduction to Sociology (3)
MTH 125  Introduction to Statistics (3)
SOC 220  Race, Ethnicity and Society (3)

EQUVALENT MSMC COURSES
SOC 1010 Introduction to Sociology (3)
SOC 3210 Statistics (3)
SOC 3aaa Race, Gender and Society (3)

Elective Courses in Major
(Note: 12 Elective Credits in major required)
SOC 120  Social Problems (3)
SOC 231  Sociology: The Family (3)

SOC 2320 Social Problems (3)
SOC 2410 The Family (3)

Related Elective Courses for Major
ANT 101  Cultural and Social Anthropology (3)

ANT 1000 Introduction to Anthropology (3)

**SOCIOLGY – CRIMINOLOGY CONCENTRATION**

The Sociology major with a concentration in criminology enables the student to understand the structure, function and interactions of the main components of the criminal justice system, including law enforcement, courts, corrections and juvenile justice; it provides the student with the critical acuity to frame criminal behavior issues as empirical issues resolvable by observations and to identify major research designs and apply them to the analysis of criminology issues, policies and programs. The Criminology concentration in the Sociology major requires 12 credits over and above the 33 credits for the Sociology major.

**OCCC COURSES**

Required Courses
CRJ 111  Criminal Justice (3)
CRJ 211  Criminal Law (3)

EQUVALENT MSMC COURSES
CRJ 1aaa Introduction to Criminology (3)
SOC/CRI 3300 Law and Society (3)

Mount Saint Mary College offers a number of programs in collaboration with other colleges/universities. The collaborating institutions have designed the programs to meet high quality and rigorous academic standards. MSMC academic divisions consider only exceptional students for inclusion in collaborative programs – students who indicate a capability for graduate studies before completion of undergraduate studies.

Collaborative programs fall into two categories, articulation programs and affiliation programs. Articulation programs are agreements whereby the MSMC student completes undergraduate studies in less than the traditional four-year period and begins graduate studies toward an advanced degree in what would otherwise be the fourth or senior year. Affiliation programs are agreements whereby a graduate institution will give preferential admissions consideration to MSMC’s graduates who have met certain academic conditions.

Counseling (master’s) (3/2 articulation)
Students complete a dual/joint five-year program leading to a bachelor’s in psychology or human services from Mount Saint Mary College and a master of science in counseling from Pace University. Students spend the first three years at MSMC taking courses to fulfill the requirements for a bachelor’s degree and the psychology or human services major, while establishing eligibility for admission into the master’s in counseling program at Pace. Students must reserve 12 credits of open electives in order to take four, 3-credit graduate courses during their fourth year. Psychology majors may also use 6 credits for the three electives at the 2000 level or above. The remaining 24 credits of the master’s program are taken at Pace.

Optometry (doctorate) (3/4 articulation)
Students complete three years of course work at MSMC and then complete four years of study at The State University of New York, College of Optometry. At the end of four years, students earn a bachelor of arts from MSMC and, at the conclusion of the seventh year, the degree of doctor of optometry (O.D.), thereby reducing the overall period of course work from eight to seven years. For further information, contact MSMC’s Division of Natural Sciences.

**Physical Therapy (doctorate)** (3/3 articulation)
Students who complete three years of course work at MSMC toward a Bachelor of Arts degree with a major in biology or psychology can be recommended to complete three years of course work at New York Medical College. At the end of the fourth year of study, students earn a Bachelor of Arts degree and at the end of the sixth year, they earn a degree of doctor of physical therapy degree (D.P.T.). For further information, contact MSMC’s Division of Natural Sciences.

**Podiatric Medicine (doctorate)** (3/4 articulation)
Students who complete three years of prescribed course work at MSMC toward the Bachelor of Arts degree with a major in biology can be recommended for early admission to the New York College of Podiatric Medicine. At the end of their fourth year of study, students earn a bachelor’s degree from MSMC and, at the conclusion of the seventh year of study, the degree of doctorate in podiatric medicine (D.P.M.). For further information, contact MSMC’s Division of Natural Sciences.

**Publishing (master’s)** (3/2 articulation)
Students take all course work during their first three years at MSMC. In their senior year, students take two to three undergraduate courses per term at MSMC and two graduate courses per term at Pace University. The fifth year of study is exclusively at Pace. Students who successfully complete the course of study earn a Bachelor of Arts degree in English from MSMC and a master’s degree in publishing from Pace University in five years. For further information, contact MSMC’s Division of Arts and Letters.

**Social Work (master’s)** (3/2 articulation)
This agreement entails three years of study at MSMC and two years at Fordham University. At the end of the fourth year, the student earns a bachelor of arts with a major in psychology, sociology or human services from MSMC and, at the conclusion of the fifth year, the M.S.W. degree from Fordham. The Council of Social Work Education has approved this experimental program. Recommended students are exempt from taking the Graduate Record Examination. For further information, contact MSMC’s Division of Social Sciences.

**Speech-Language Pathology (master’s)** (4/2 affiliation)
Students complete prescribed course work leading to the Bachelor of Arts degree with a major in an appropriate discipline at MSMC. Selected students in this program are recommended for admission to New York Medical College for the master’s degree in speech-language pathology. Under the agreement, recommended students meeting NYMC’s admissions criteria are exempt from taking the Graduate Record Examination. For further information, contact MSMC’s Division of Natural Sciences.
