

## Fall 2021 Medical Laboratory Technician Pre-Admission Seminar Schedule

---

Students applying to the Medical Laboratory Technician Program are required to attend **one** Pre-Admission Seminar prior to the application deadline, February 1<sup>st</sup>. This seminar must be attended within 3 years of the application deadline.

This seminar is an important and informative time when a Clinical Laboratory Science instructor will describe the Medical Laboratory Technician program and an admissions specialist will describe the admissions process. In addition, you will have an opportunity to ask questions about the Medical Laboratory Technician Program. Prospective students will receive and sign off on information pertaining to health forms, drug testing and criminal background checks.

The seminars will be online via Zoom this year. Below is the scheduled seminar for fall 2021 applicants. Additional pre-admission seminars before the February 1, 2021 application deadline will be added as needed. Failure to attend a seminar in its entirety will forfeit your application for admission consideration.

Although “virtual” participants must sign on 10 mins early for attendance and the session to start on-time. Please note that the seminar could take up to two hours so plan accordingly as participants must attend the entire session for credit (no leaving early).

**RSVP is required to attend as space is limited.** To RSVP, please email [nadia.rajsz@sunyorange.edu](mailto:nadia.rajsz@sunyorange.edu).
