*See our website for Advisor appointment and walk-in availability*

### **What is Academic Advising?**

Academic Advising is a collaboration between an academic advisor and the student to support students in their utilization of necessary resources and the development of skills and knowledge to help students pursue their academic, career, and personal goals.

<b>Expectations of your Academic Advisor</b>	<b>My expectations as a Student</b>
Help you develop educational/career goals, plans, and strategies.	I will become knowledgeable about college resources, requirements, programs, policies, and procedures.
Assist you with making decisions while allowing you to make final decisions.	I will prepare for Academic Advising appointments by: <ul style="list-style-type: none"> <li>• Looking over my plan of study and required courses in the College Catalog and DegreeWorks.</li> <li>• Creating a draft class schedule for the following semester when registration is about to begin.</li> <li>• Asking questions about my plan of study, resources, and services.</li> <li>• Becoming familiar with MySUNYOrange account and online resources.</li> <li>• Writing down my education and career goals.</li> <li>• Reflecting on what barriers or academic difficulties I may be facing and devising an action plan.</li> <li>• Watching the Student Success Videos for discussion.</li> </ul>
Be accessible for meetings through in-person/virtual office hours, email and telephone.	I will regularly check my student email and reply as needed.
Answer questions about your courses, program requirements, policies, and procedures.	I will be proactive and take ownership for actions and decisions.
Provide referrals to appropriate services, resources, and opportunities.	I will actively seek out information, opportunities, services and resources to facilitate my success.
Treat you with respect.	I will be courteous and respectful of staff.

### **Who is the “First Year Support Team”?**

*The First Year Support Team* helps you navigate your registration, and introduces you to career and transfer resources. An advisor on this team will assist you while you adjust to the College during your first semester and become your assigned academic advisor during your first semester. The First Year Support Team will contact students via their student email and through the “My First Year Support” box located on the “Student Academics” page. Students can contact the First Year

Support Team with any questions via email at [FirstYearSupport@sunyorange.edu](mailto:FirstYearSupport@sunyorange.edu).

### **Who is my Faculty Advisor?**

During the second semester, students who are ready to proceed with the core courses in their program are assigned to a **faculty advisor** based on their degree program. This person and other instructors in the department can provide expert guidance in students' academic and career plans. Your assigned faculty advisor is visible in your **Degree Works** once you log in to your MySUNYOrange.

### **When should I see my Academic Advisor?**

- Around third week into classes to hold “big-picture” planning discussion on academic goals
- To discuss and select courses for the next semester:
  - In the *Fall semester*: October- early November
  - In the *Spring semester*: March- early April

### **What is Group Advising?**

Due to the high popularity of specific majors, Academic Departments and Academic Advising will often collaborate to provide advising services and review specific major requirements in group settings. Some departments may mandate attendance to these group advising sessions. Please monitor your email, the Grapevine, Academic Department Portlets, and department specific social media pages to stay informed of Group Advising sessions throughout the semester.

*Please note that attendance to Group Advising Sessions does not replace mandatory advising meetings during the first semester.*

**Two-Year Progress Milestones** – Use the following guideline as you progress toward graduation:

#### **First Semester (up to 15 Credits):**

- Get familiar with your MySUNYOrange: Student email, Brightspace, DegreeWorks.
- Develop academic goals and plans with your advisor.
- Begin developing **College Skills**: Time Management, Note-Taking, Test taking, etc. Refer to the *Student Success Videos* in your Student Services/Resources page.
- Familiarize yourself with academic support services such as tutoring. Utilize the math, writing, reading labs; biology center.
- Learn how to use Library resources.
- Attend the Career Advising workshop opportunities.
- Familiarize with Transfer Advising resources and discuss with your advisor.
- Understand your program requirements and course sequencing.
- Familiarize yourself with your academic department, resources, services, policies, procedures, and get involved.
- Attend Advising meetings early and independently.

#### **Second Semester (up to 30 credits):**

- Utilize campus services and resources to support your academic progress and success.
- Assess progress and interests and reevaluate plans and goals.
- Work to see connections in learning across courses and how they apply to your program and discuss with your instructors.
- Begin to develop more concrete goals and strategies to achieve them; review your DegreeWorks worksheet.
- Utilize Transfer programming opportunities to help you plan ahead.
- Seek internships and employment opportunities in your area of study; get involved.

#### **Third Semester (up to 45 credits):**

- Continue exploring transfer options and if applicable, initiate transfer/career application processes.
- Verify academic progress toward graduation with your advisor. Review any outstanding requirements in your DegreeWorks worksheet.

## **SUNY Orange Advising Syllabus: Fall 2025**

- Begin to compile a resume, faculty recommendations, lists of activities and examples of your work for use in job applications.
- Continue to examine, evaluate and adjust your academic and career goals.

### **Fourth Semester (through Graduation):**

- Maintain progress on transfer/career pursuits.
- Discuss post-graduation plans with faculty and advisors.
- Gather contact information from relevant faculty and students.
- Apply for graduation and attend Commencement in May.
