

SUNY Orange Policies

Policy Number	Policy Title
BP2.47	Gilman Center Flags

The exterior flagpoles northwest of the curved portico of the Gilman Center for International Education at the Middletown Campus Library were installed during construction of the Gilman Center for International Education. The flags chosen for display (Ireland, Israel, Italy, Mexico, United Kingdom and United States) honor Representative Ben Gilman's service to community, state, and nation, especially by showing appreciation for his time as chairman of the U.S. House of Representatives' International Relations Committee.

The flags shall be displayed as they were when the Gilman Center was first opened in 2008. The Gilman Center flags honor Representative Gilman's service. The flags are not intended to symbolize or be viewed as political expression by the College.

The Board of Trustees directs the President to develop such procedures as to fairly implement this policy.

Adopted: May 15, 2024
