

Admissions Procedures and Requirements

Admission to SUNY Orange is open to all graduates of an accredited and/or registered high school or to those who have received a state-issued HSE or GED diploma. Once formally admitted to the College in a degree program, students may choose to pursue their degree on a full-time (12 credits or more per semester) or part-time (less than 12 credits) basis. In order to receive financial aid, students must be accepted and enrolled into one of the College's degree programs.

Formal admission to the College assures students that their course requirements for completion of degree or certificate programs will not change, even in the event that the College revises its program requirements during the student's period of study. In addition, the College will complete a thorough appraisal of transfer credits that may have been earned from another college or university, or through advanced placement or other examinations.

■ The Admission Process

The Application

Students may apply for Admission online for full-time or part-time status at www.sunyorange.edu.

Admission to SUNY Orange is open to all graduates of an accredited and/or registered high school or to those who have received a state-issued HSE/GED diploma.

Students may request more information about SUNY Orange by emailing apply@sunyorange.edu.

Admission requires an official high school transcript or proof of high school equivalency.

State University of New York (SUNY) policy prohibits SUNY Orange admission applications from inquiring into an applicant's prior criminal history. After acceptance, the College shall inquire if the student previously has been convicted of a felony if such individual seeks campus housing or participation in clinical or field experiences, internships, or study abroad programs. The information required to be disclosed under SUNY policy regarding such felony convictions shall be reviewed by a standing campus committee consistent with the legal standards articulated in New York State Corrections Law.

The College Placement Test

All students who are accepted as degree-seeking students are required to take the Placement Test or may obtain a Placement Test Waiver. This test determines college-level skills in reading, writing and mathematics and assists the College in placing students in courses at the appropriate level.

Students do not have to be accepted prior to taking their placement test.

The Placement Test is computerized, and untimed (except for the essay portion). Students may not bring calculators to the testing session. If a student takes the Placement Test, and then takes no courses at SUNY Orange for 2 years, he/she must retest. Additionally, if a student takes no Math course in 2 years, he/she must retest. Students with disabilities may make special arrangements to take the test by contacting the College's Office of Accessibility Services at (845) 341-4077.

To meet eligibility requirements for financial aid, students who do not have a high school diploma from a U.S. institution must pass the Ability to Benefit (ATB) exam.

If a student's placement test results indicate a need for additional growth in reading, writing and/or math, specific course selection assistance will be provided at the time of registration.

Admissions Procedures and Requirements

New York State Department of Health Mandatory Proof of Immunization

New York State Public Health Law requires that all students born on or after Jan. 1, 1957, who wish to enroll for six or more credits in any one semester, provide proof of immunity to measles, mumps and rubella. Acceptable proof of immunity requires two dates of measles immunization, one of rubella and one of mumps, all given after 1968, and on or after your 1st birthday. In addition, all students, regardless of age must sign and return the College's Meningitis Response Form, indicating they have received the information about meningococcal disease and have either received or waived the vaccine.

Students will not be allowed to register for classes until they have submitted their immunization records to the Wellness Center, showing proof of at least one measles immunization.

Immunizations are not provided on campus. Prospective college students may obtain immunizations through the Orange County Department of Health's Immunization Clinic at a nominal cost. Several local healthcare providers also offer our students low-cost vaccines. If you believe you qualify for an exemption based on medical or religious reasons, or have any further questions about these requirements, please call or email the Wellness Center at 341-4870.

Health Professions Applicants

Students interested in applying for admission to one of SUNY Orange's Health Professions programs follow a different admission process with earlier deadlines and more stringent entrance requirements. The particular admission requirements for the College's Health Professions are listed alongside the respective program's description later in this catalog. Additional information on particular Health Professions programs, including the Health Professions application, can be accessed at www.sunyorange.edu/admissions/health_professions/index.html or by attending a Health Professions information session.

All students accepted into a Health Professions program must successfully complete an annual physical examination which includes a Tuberculosis screening. A drug screen and background check are also required once the student has been accepted.

Physical Examination Requirements

Students must complete the form which is provided by the College. Health Professions students must meet the New York State Department of Health physical examination and immunization regulations for Health Care workers. Exams are to be completed and submitted to the Wellness Center within the timeframe stated on the form for each program. Physicals which are submitted to the Wellness Center after the stated deadline for your program will be subject to a \$25 late fee. Upon receipt of your complete physical, the nurse in the Wellness Center will issue a clearance form. Students will not be permitted to begin their Health Professions classes without this clearance form.

NOTE: The Health Professions regulations exceed the

immunization requirements that you may have already met for prior attendance at the college. Health Professions students must have an annual physical exam, an annual screening for Tuberculosis, and proof of immunity to Measles, Mumps, Rubella, and Varicella by documentation of two MMR and two Varicella vaccines, or positive blood titers, regardless of age and/or prior immunization or disease history. Immunization for Tetanus or TDAP and Hepatitis B is recommended, though not required. The annual flu vaccine is also recommended as most clinical sites expect this.

Your health care practitioner is required to sign a statement, that to the best of their knowledge, you are free from any physical or mental impairment which would pose a potential risk to patients, or might interfere with the performance of your duties. Students must also either complete the Hepatitis B vaccine series or sign an annual waiver declining the Hep B vaccine. It is highly recommended that all Health Professions students complete the Hepatitis B vaccine series as a safe and effective way of preventing Hepatitis B infection.

College Level Entrance Examinations (CLEP), Regents College Examinations (RCE) and Advanced Placement Examinations (AP)

There are three examinations that may assist students in receiving college credit for work experience or learning done outside of the college setting.

Students can earn college credit by taking and passing the College Level Examination Program (CLEP) Subject Examinations offered by the College Board. The Regents College Examinations (RCE) can be taken through the New York State Proficiency Examination Program. High school students who have completed advanced placement courses may acquire college credit by taking the College Board's Advanced Placement Examinations (AP).

conditions must be met:

- You must be formally admitted to SUNY Orange.
- The credit to be awarded must be applicable to your degree program.
- Your scores must be at least equal to the Mean Score for a C (2.0) as recommended by the American Council on Education (ACE) for the CLEP subject area in which you were tested.
- Official test results must be sent directly to the College.

- Credit is awarded for English only if the credit-granting scores recommended by ACE are substantiated by the essay evaluation.
- Similarly, the essay component of the AP English exam must be submitted for evaluation by the Department of English before credit may be awarded for scores of 4 or 5. Scores of 3 will be considered after the student has taken a department essay to determine if credit can be awarded.

Attending as a Non-Degree Seeking Student

Students with a high school diploma or high school equivalency degree may apply to the College for part-time study without applying for formal admission into a degree program. Students who have not been admitted to a degree program are not eligible for financial aid consideration.

To qualify, students must submit a final transcript or diploma verifying that they are a high school graduate.
