

SUNY Orange

College Catalog – Fall 2007 – Updates/Corrections

9/20/07

Page 36: Transcript Requests

Please change the last line in the second paragraph to read:

Only the student (with appropriate photo identification) may pick up his or her transcript, unless he or she has given written permission to a designee, with a verified signature. The designee should also provide photo identification.

Page 92: Exercise Studies

Footnote *** should read: SUNY Arts or Foreign Languages list or any list not selected from the Restricted History elective.

Page 98: International Studies

8/15/07

Page 42: Career Services
The Center is open Monday through Friday from 8:30 a.m. to 5 p.m. and until 7:30 p.m. on Wednesdays.

Page 53: Biology and Health Science Learning Facilities

The BATCAVERN facilities are a learning resource for students in the Biological Sciences and the Health Professions programs. The BATCAVERN is a place for students to meet for individual and small group study as well as for formal tutoring which can be arranged at the Tutorial Center in the Library or Key 122. The facilities offer students access to a full range of anatomical models and related instructional aids including CD-ROMs, videotapes and review materials. Students can also access the Internet and use computers offering the Microsoft Office programs Word, Excel and PowerPoint to assist with preparing lab reports, research papers and presentations.

Middletown Campus	Newburgh Campus
BATCAVERN	BATCAVERN II
Bio-Tech 155	Key 123
341-4156	341-4504

Math Resource Labs

The Mathematics Department has two Math Resource Labs that are open to any student enrolled in a mathematics course and are completely free to students. Just drop in and someone will be happy to help you with your questions. The Math Resource Room hours are posted each semester. Math Resource Rooms are located in Middletown (Harriman Hall, Room 305) and Newburgh (Key Bank Building, Room 122).

Page 102: JRTEP: AA B-2 History
