

ACADEMIC SUPPORT -The Math Labs

The door of the Middletown Math Lab in Harriman 309 may be closed but feel free to walk right in; you'll always receive a warm welcome. Whether you are at the Math Lab in Middletown or the Math Zone in Newburgh in Kaplan Hall room 229, you are in good hands and good company. The mathematics department tutorial labs are open to any student enrolled in a SUNY Orange math course on a drop-in basis. Yes, that's right no appointment necessary. Professional and peer tutors offer assistance with all levels of mathematics. They help offer with homework; are able to breakdown difficult to understand concepts, and are willing to help students prepare for quizzes and exams. Both math labs have course textbooks available, computers dedicated for student use and access to online resources. Best of all, these are great places to form a study group or just meet new people. Many lasting friendships have been forged in the common pursuit of excellent math grades. [Ryan:] A great environment for students to take a second and reexamine the material that they learned in class with a little bit of additional instruction from someone who may be able to explain it in a different way. It's that extra bit of instruction that sometimes pushes students from struggling to success. Hours can be found online via MySUNYOrange under Academic Support Center on the Student Services/Resources tab.
