OER savings to students!

The adoption of OERs by faculty has had a positive impact on our students by offering them an alternative to traditionally expensive textbooks. As of the end of Summer 2019, SUNY Orange has saved our students over \$496,000!

Have you considered converting your course to an OER? If interested in exploring this option, please contact Anne Prial or Dena Whipple via email.

Anne Prial
Academic Affairs

Open Educational Resources...

- SAVE YOUR STUDENTS MONEY
- support your current content and curriculum
- is a transition from hardbound textbooks to online/open text and resources
- all OER content is vetted and aligns with scholarly instruction

Resources and information to consider...

- OER Commons: <https://www.oercommons.org/welcome>
- Open SUNY Online Teaching videos:
<http://bit.ly/OpenSUNYyoutube>
- Open Textbook Library: <http://open.umn.edu/opentextbooks/>
- Open Stax: <https://openstax.org>

How can YOU make the transition and have a positive impact for our students?

- **don't go it alone...** the team from Academic Tech, Library & CTL are here to help!
- we will provide resources and guidance in sourcing OER materials, transitioning your lecture content and utilizing the new format
- **drop us a note...** theCTL@sunyorange.edu to find out how

YOU can make a difference!
