CT CONTINUING EDUCATION COURSE

Computed Tomography Education Course

Looking to learn a new modality? The CT Continuing Education Course through SUNY Orange offers Technologists the opportunity to learn on-line with access 24 hours a day 7 days a week! The course fulfills biannual CE requirements by offering a whopping 24.25 credits total through the ASRT. The course is also recognized to meet the mandatory 16 hours of structured education requirements through the ARRT. The on-line course runs for 14 weeks with various material to learn from and practice questions. CT Basics and Essentials are taught in a well-organized course through BLACKBOARD where you can interact with other students and the course instructor.

The college also offers an on-line learning and Clinical Combo to learn CT essentials and earn needed exams to take the registry. NO CE credits are associated with clinical as specified by the ARRT.

For more information see the Diagnostic Imaging page
