MESSAGE FROM THE PRESIDENT

Colleagues,

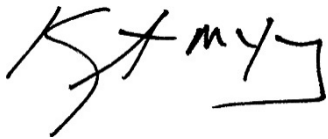

The following pages offer a detailed and thoughtful Diversity Plan for SUNY Orange, one that coalesces the College's many diversity initiatives into a singular, focused document that will guide SUNY Orange as we continue to broaden the diversity of our College community while at the same time developing a climate of inclusivity.

Our student body grows more diverse with each passing semester, and we aspire to mirror the changing demographics of Orange County, and the entire Hudson Valley region, within our staff and faculty ranks, as well. We intend to provide an academic, workplace and social atmosphere in which students, faculty, staff and guests are treated with dignity and respect.

On the listing of SUNY Orange's seven institutional values, "inclusivity" comes after only "excellence" and "integrity." To build an inclusive community, there must be a foundation of integrity and an inherent appreciation of others. And when you combine integrity and inclusivity, excellence can't be far behind.

This plan reinforces SUNY Orange's commitment to diversity starting at the upper levels of administration and expanding to all corners of our two campuses. We will remain committed to the recruitment and retention of diverse students and employees, and promise to provide an inclusive teaching and learning environment where all may thrive. We will also pursue the most effective methods by which to enrich our growingly diverse community academically, socially and culturally.

I look forward to SUNY Orange accomplishing the goals of this Diversity Plan over the coming years, and I eagerly anticipate your support of our commitment to diversity and inclusion.

I. DIVERSITY AND INCLUSION TASK FORCE INTRODUCTION

The Diversity and Inclusion Task Force was formed at the request of College President, Dr. Kristine Young to address the initiative from the State University of New York's Diversity Task Force. All SUNY campuses are charged with developing and implementing a strategic Diversity and Inclusion Plan to support SUNY's goal of "becoming the most inclusive institution of public higher education in the Country." In response, SUNY Orange's Diversity and Inclusion Task Force, comprised of volunteers representing all areas of the College, has worked collaboratively to create a guiding document that enriches the learning environment where by diversity and inclusion are embraced by faculty, staff, students and the local community.

Feedback from students, faculty and staff were collected and utilized to shape the guiding statements. IV. DIVERSITY AND INCLUSION VISION AND MISSION STATEMENTS

Vision Statement:

SUNY Orange strives to create an environment in which diversity and inclusion are encouraged, supported, and embraced by all members of the college community. We believe acceptance of our inherent diversity encompasses the sharing of trust, respect, collegiality, civility, and mutual appreciation for all individuals.

Mission Statement:

SUNY Orange promotes diversity and inclusiveness in all opportunities for teaching, learning, service, research, professional development and overall social, economic, and intellectual growth. The College is committed to embracing and fostering diversity in its continued investment in faculty, staff, and students. We support the ability of all college and community members to teach, work, and learn in a safe and welcoming environment.

V. CURRENT CAMPUS DIVERSITY AND INCLUSIVENESS ASSESSMENT

The student body at SUNY Orange reflects the racial, ethnic, and socio-economic diversity of Orange County. Fifty percent (50%) of degree-seeking students enrolled are under-represented minorities (*URM* = *Black, Hispanic, Native Alaskan, 2 or more races*). SUNY Orange's Hispanic student population has steadily increased over the past five years to nearly 30% of the total student population. Additionally, in Fall 2015, 32% of new students identified as first generation; while among all students that Fall, approximately 300 were veterans or dependents; and 27% were Pell recipients.

SUNY Orange students are balancing work, family commitments, finances and their studies in higher proportion than their SUNY peers. These characteristics are recognized through the data gathered from surveys, including the Community College Survey of Student Engagement (CCSSE) and the Student Opinion Survey (SOS). The College is working to understand their needs and helping them overcome their barriers to success.

Through the College's *Strategic Plan* as well as *SUNY Excels* Initiative, SUNY Orange has established *accessibility* to higher educational opportunities and successes as a priority and promise. Creating an inclusive and diverse community of learners is one of higher education's greatest responsibilities and gifts. The commitment of SUNY Orange to fostering a diverse and inclusive learning environment is recognized in many successful programs and services. Integral access is the College's re-establishment of the [EOP Program](#) and continuation of the [TRIO](#) grant-funded program to assist low income, first generation students with disabilities. Equally important is integrating new programs, such as the newly launched non-credit [Bridges Program](#) for post-secondary students with intellectual disabilities.

SUNY Orange's Student Support Initiatives provides proactive outreach/academic services and financial literacy training to students readmitted to the college on academic probation. Additionally, the Center for Student Involvement annually holds various culturally diverse events such as International Day, Civil Rights Celebration/Discussion and others.

To support a growing veteran student population, the College created a part-time Veteran Student Coordinator position in 2015. This individual is tasked with connecting veterans to College and County services and to assisting these students as they transition from military to civilian life.

A recent CTEA grant funded initiative enabled the College to hire an academic advisor who focuses on increasing the number of non-traditional students in gender imbalanced technical fields (e.g. men in nursing; women in engineering, etc). A component of this major effort involves assisting students with career exploration and providing opportunities for mentoring.

The College's Committee on Institutional Diversity and Equity, in conjunction with the Coordinator of Diversity and Equity, actively engaged students and staff in an effort to determine current opinion on college culture. This information helped establish a baseline set of data and opinion regarding diversity issues on both campuses, and was disseminated college-wide to inform programming changes. Monthly diversity chats, collaboration with Cultural Affairs, and working with student clubs led to a variety of events and programs, from a World War II Liberator to a presentation on LGBTQ+ issues currently facing colleges nation-wide.

SUNY Orange is committed to meeting the needs of all students. The College has a dedicated faculty and staff committed to student success. This Diversity and Inclusion Plan will support ongoing efforts and established priorities through the Strategic Plan. SUNY Orange will ensure that faculty and staff are culturally competent, attuned to the students we serve today, and better prepared to recognize and remove barriers to their success.

SUNY Orange remains committed to creating a culture of inclusion that welcomes its diverse students, faculty, and staff. The College's strategic planning process reaffirmed the importance and value of diversity not just among its students but among the faculty and staff as well. SUNY Orange has worked continuously to grow and retain a qualified and more diverse workforce. From 2009 to 2015, the percentage of minority faculty at the College has grown by 25% though our overall employee base increased only 8% in that same period.

Understanding the changing characteristics and demographics of our students, SUNY Orange is committed to expanding online offerings, introducing new programs and certificate opportunities, offering [accelerated] college readiness programs, overhauling course schedules, as well as improving financial literacy. As concluded in the College's Excel's Performance Improvement Plan, *"by remaining true to our mission, attuned to the needs of our community and the region, and guided by careful planning documents, SUNY Orange intends to serve more [diverse] students, prepare them exemplarily for employment, graduation, and transfer..."*

VI. SUNY ORANGE DIVERSITY AND INCLUSION GOALS

To meet the needs of an increasingly diverse student population, the Diversity Task Force identified the following 5 goals for the college:

IX. SUMMARY STATEMENT

SUNY Orange strives to have a diverse and inclusive culture. Our commitment to this overarching goal traces paths through our vibrant student population, dedicated faculty and staff, and enthusiastic and supportive local community. This document brings together concerns and suggestions and provides a purposeful framework and associated strategies upon which we can act to move closer to our desired form.

In the planning of this document, the Diversity Task Force identified five main areas of attention and crafted a goal for each area. The first goal speaks to the support and guidance that will be provided by SUNY Orange administration and highlights the College's commitment to its implementation. Goal number two speaks to the College's overall environment inside and outside the classroom and clearly emphasizes the importance of nurturing an inclusive culture. The third goal addresses the importance of student accessibility and the enrollment and retention of students with diverse backgrounds and circumstances. The fourth goal of the plan focuses on educational curriculum and inclusive programming, both of which play a large role in the perceived diversity and inclusiveness of the college. The final goal tackles the issue of achieving and maintaining a faculty and staff population that is reflective of our student population and the population of the county. Representation is important and it is important for our students to see themselves reflected in our faculty and staff. All five goals are accompanied by suggested strategies that are achievable and measurable, and which balance current resource constraints with the long term health of the college.

This plan is intended to be a living document that evolves and adjusts based on the needs of our college and community. Within the next academic year the college will bring a Chief Diversity Officer (CDO) on board. A vital part of the main tasks of the CDO will be to evaluate the current culture of the college, review our progress, and re-evaluate the goals and strategies put forth in this plan. Official assessments at the one, three, and five year marks will ensure that this document stays current and that the College's goals and strategies do not stagnate.

Diversity and Inclusion are important for all members of the college community and we believe that this plan provides a framework for the college to further develop the open and inclusive environment for which we strive.

APPENDIX E – Acknowledgements

The Diversity and Inclusion Plan was not created by just a few individuals. We appreciate the time and energy of those who supported the development of this plan. The support of the President and the value she placed on the Task Force, the plan, and its goals was integral to our progress. The Task Force also relied on the help of the College's Diversity Coordinator and the work done by the Committee for Institutional Diversity and Equity. Several groups of faculty, staff, and students took time over the summer break to answer surveys, attend focus groups, and respond to face-to-face queries.

For all of the help, suggestions, and feedback we received during this process, we would like to say, Thank You! We hope that this document reflects all of these efforts and helps SUNY Orange further develop a diverse and inclusive college culture.

The Diversity Task Force strove not to reinvent the wheel, but to stand on the shoulders of those who have previously implemented similar plans and to produce a document that best reflects our local college and community. The Task Force utilized several references during the creation of this document, reviewing plans from several other colleges, including; Southern Illinois University (Edwardsville Campus), University of Maryland, Lane Community College, Bucknell University, Gadsden State Community College, Southwest Tennessee Community College, Onondaga Community College, and UC Berkeley. Of the documents we reviewed, the plans from Onondaga CC and Gadsden State CC proved to be particularly helpful. SUNY Administration provided us with a *Campus Guide for Strategic Diversity and Inclusion Plan Development* and we reviewed *Committing to Equity and Inclusive Excellence*, a document prepared by the Association of American Colleges and Universities.

And finally, we would like to express our thanks to all of the students, faculty, and staff of SUNY Orange for their support of the Diversity & Inclusion Plan.
