## Aid Year

### Important Notice for New TAP Regulations

Due to the recent changes to the New York State budget, mandatory changes to regarding to Satisfactory Academic Progress standard have been made. These changes impact on your eligibility for the tuition assistance program grant. Therefore, if you are expecting a TAP award to assist with your college costs, you should review your Satisfactory Academic Progress page.

Some financial aid information is determined by aid year (the academic year for which you are applying).

Both federal and state financial aid regulations states that awards financial aid can be given for those courses which are considered developmental in nature and required by the institution, credit-bearing courses that are pre-requisites for a required course in a program are not eligible for financial aid unless these courses can be used for other requirements in the program (e.g. internships). Please check your Award Letter on both Semesters. If your loan shows an "AFSA" rate-based amount, disbursement, or disburse your loan money. If your awardment should change or you are selected for verification, your awards may be adjusted. If your awards are awarded they are not finalized and can possibly change due to verification or a verification process for our institution.
