2020-2021 Parent Refusal to Complete FAFSA Affidavit

You indicated on the FAFSA that you are unable to provide parental information and/or your Independence Appeal was denied. If you still cannot obtain parental information on the FAFSA and want to be considered for a Federal Unsubsidized Stafford Loan, you must complete and sign below and submit this form to the Financial Aid Office for review.

For purposes of completing the FAFSA and this form, if your birth parents are not currently married then your parent is considered to be the parent you lived with more during the past 12 months. If you did not live with one parent more than the other, then it is the parent who provided more financial support during the past 12 months or during the last calendar year when support was provided. If that individual has married someone else, then the step-parent is also considered a parent for these purposes. Grandparents, foster parents and legal guardians are not considered parents unless they have legally adopted you. Providing parental information on the FAFSA does not obligate the parent to provide support to the student in support of higher education.

Student Instructions:

Your signature below indicates that you are affirming that your parents have refused to complete the FAFSA, have ceased to provide support including health or auto insurance, support for bills or living expenses, do not provide free room and board for even short periods of time, and will no longer provide any support in the future.
