The numbers are of different sizes and are scattered across the entire frame, creating a sense of depth and complexity. Grant Awards

- ◆ No money should be spent until we receive a dually executed contract and approved budget (in writing)
- ◆ Program Person should be assigned to every grant fund, this person is responsible for spending within guidelines and making sure the program goals written in the grant come to fruition.
- ◆ Grant processes are different than operating so all program directors/coordinators should do a brief training with the grants office. There is a procedure manual on the portal for easy reference.
- ◆ Following guidelines and reporting- due dates, Regulations-CFR#, amendments, audit needs, etc
- ◆ Spending money- completing paperwork following procedures and audit guidelines in line with detailed budgets
