

acid group at the
end.

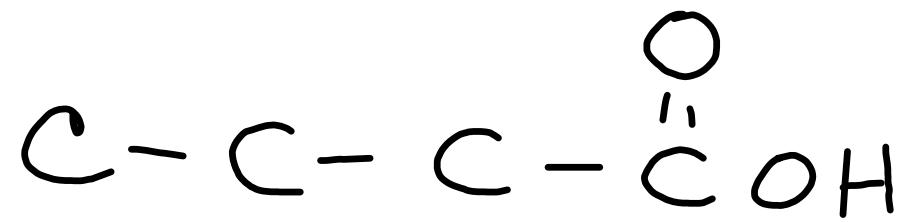

Weak acids do not
dissociate completely

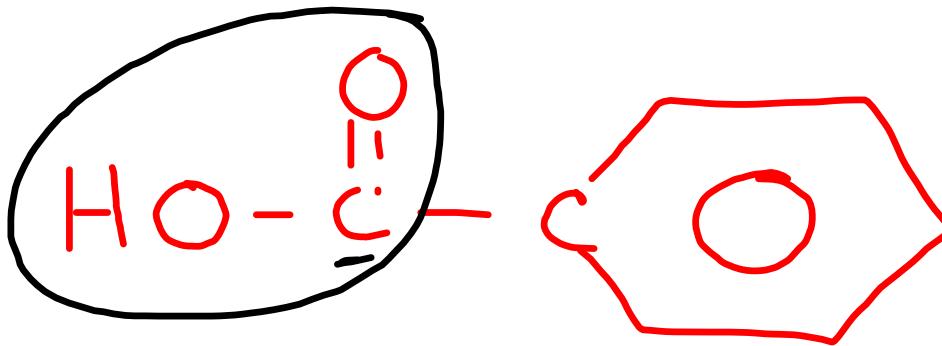

Carboxylic acid
group

a.

butanoic acid

C.

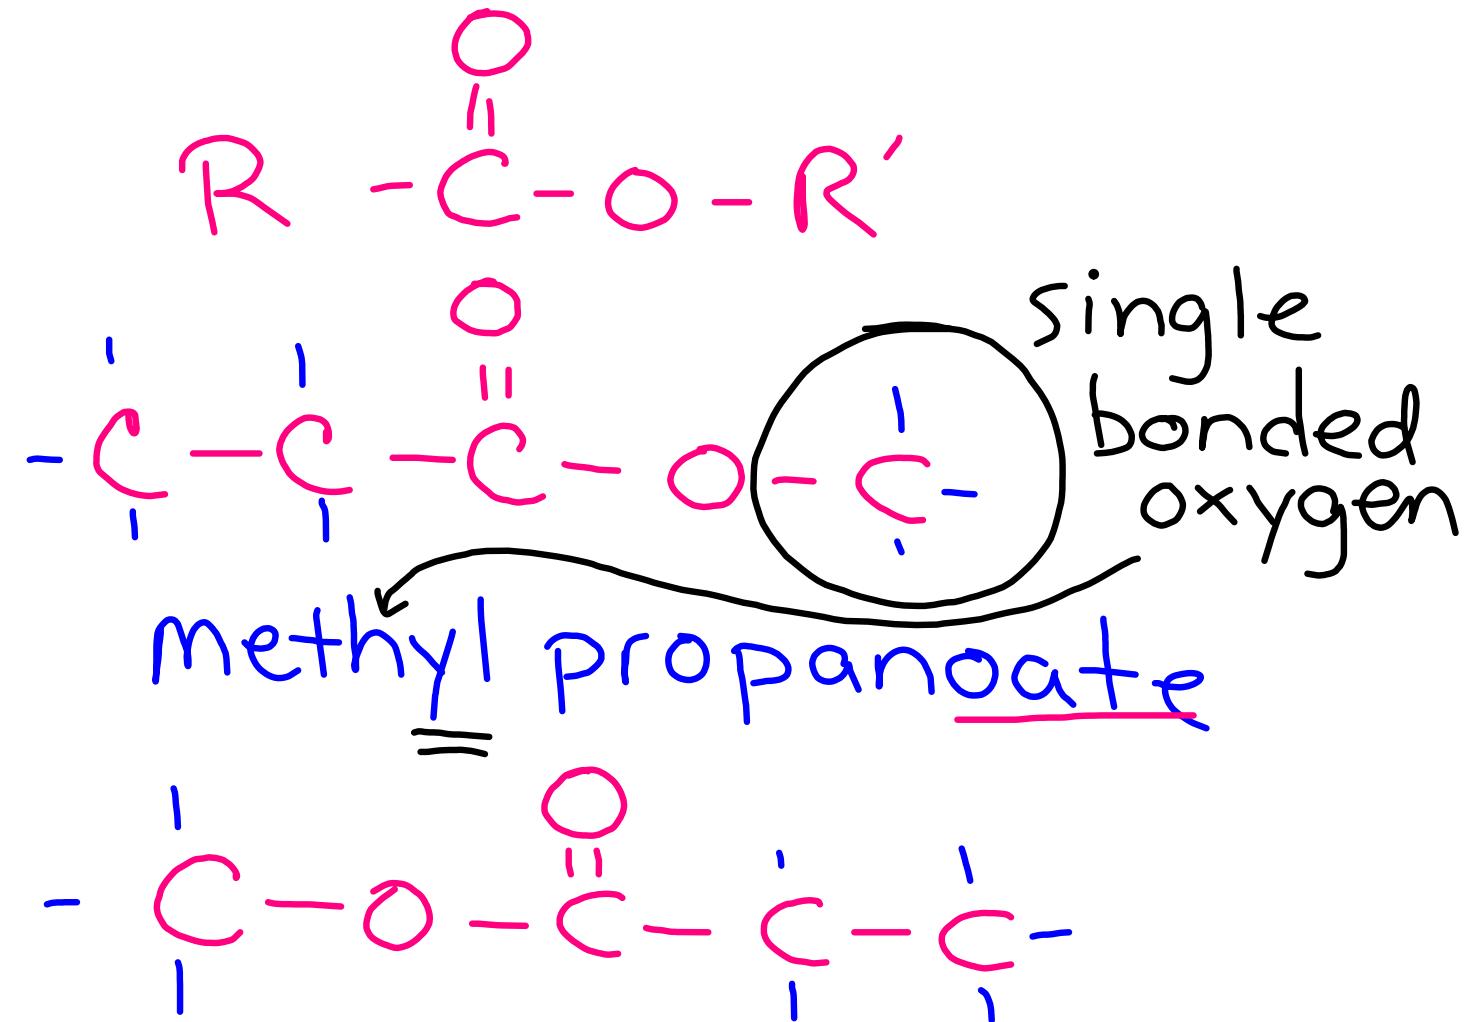

benzoic acid
Phenyl methanoic acid

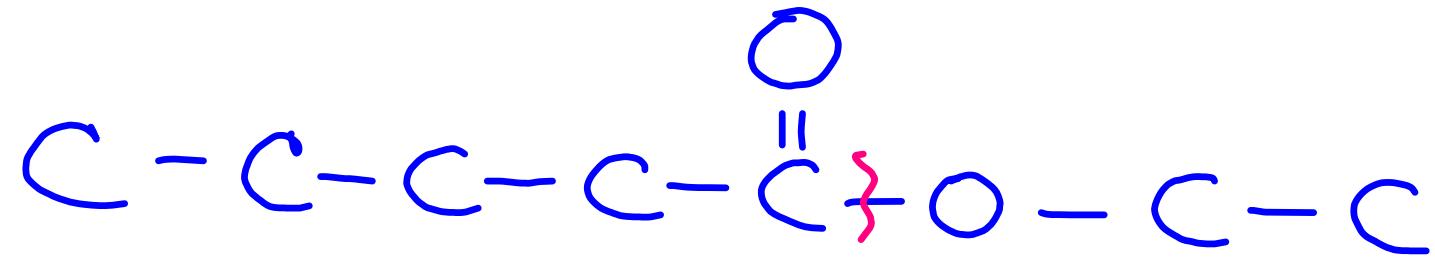

h.

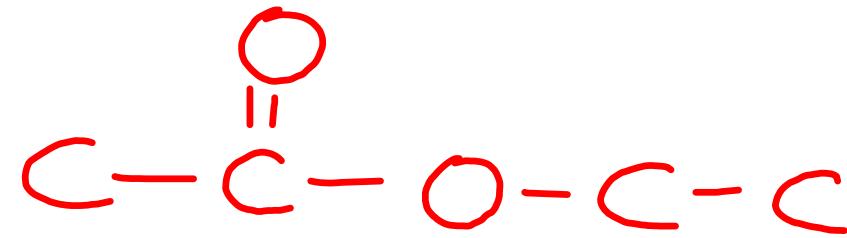

2,3,4,5-

tetra hydroxy pentanoic acid

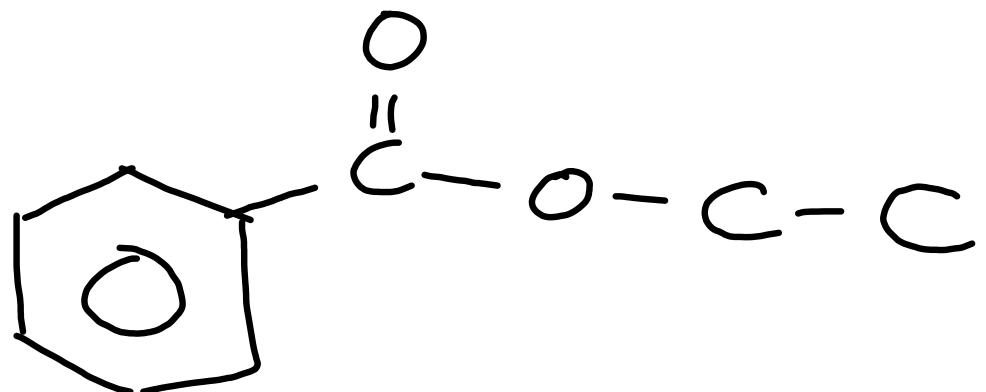

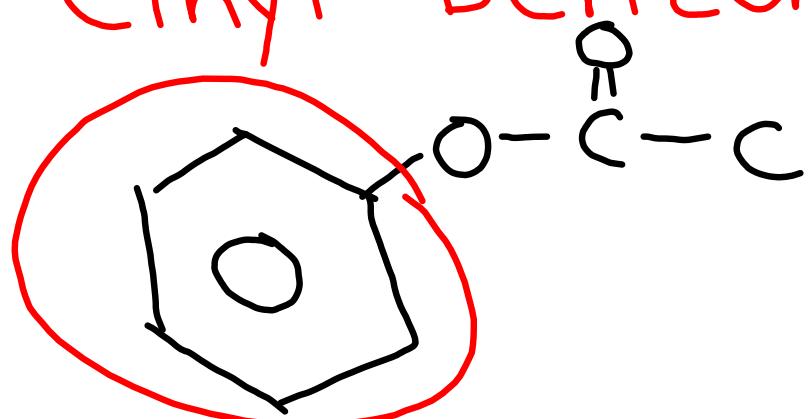

ethyl Pentanoate

ethyl ethanoate

ethyl benzenoate

benzyl ethanoate

Amines

1°

2°

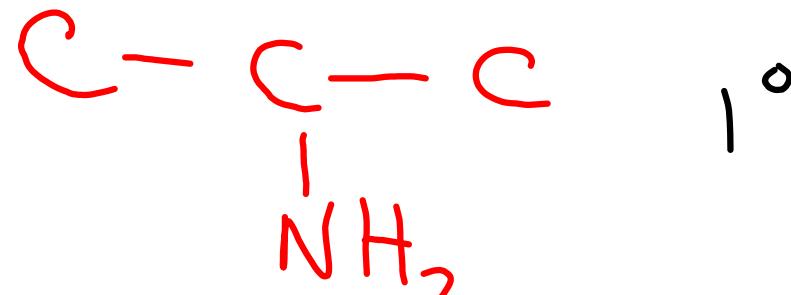

3°

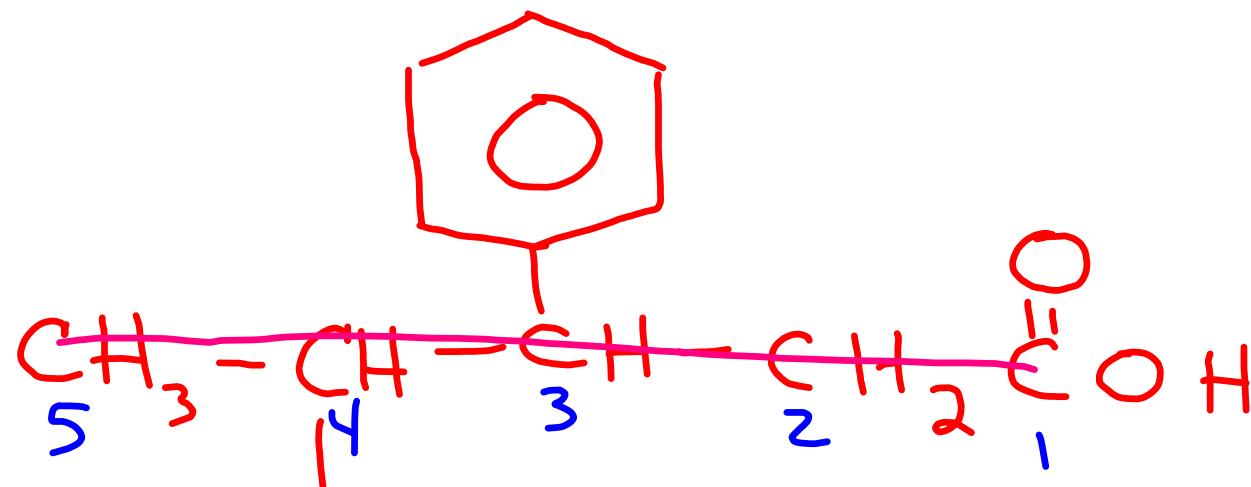

1-aminoPropane^{1°}

1-propanamine

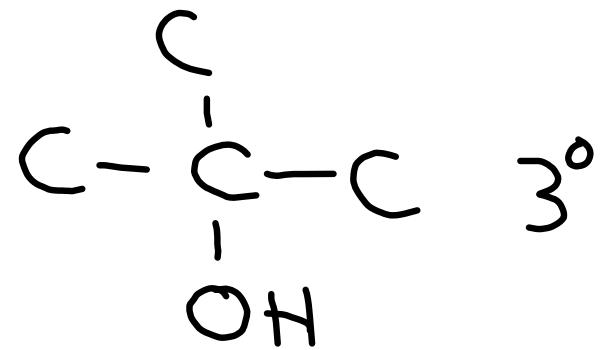

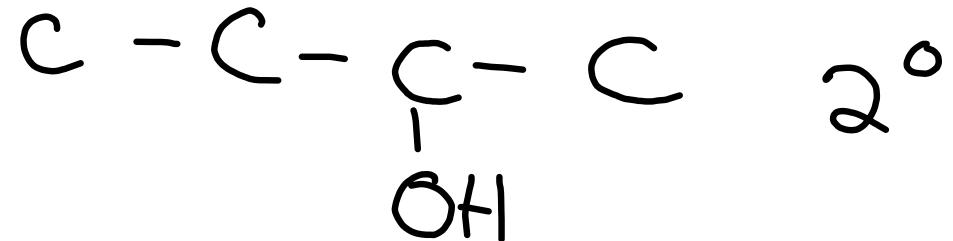

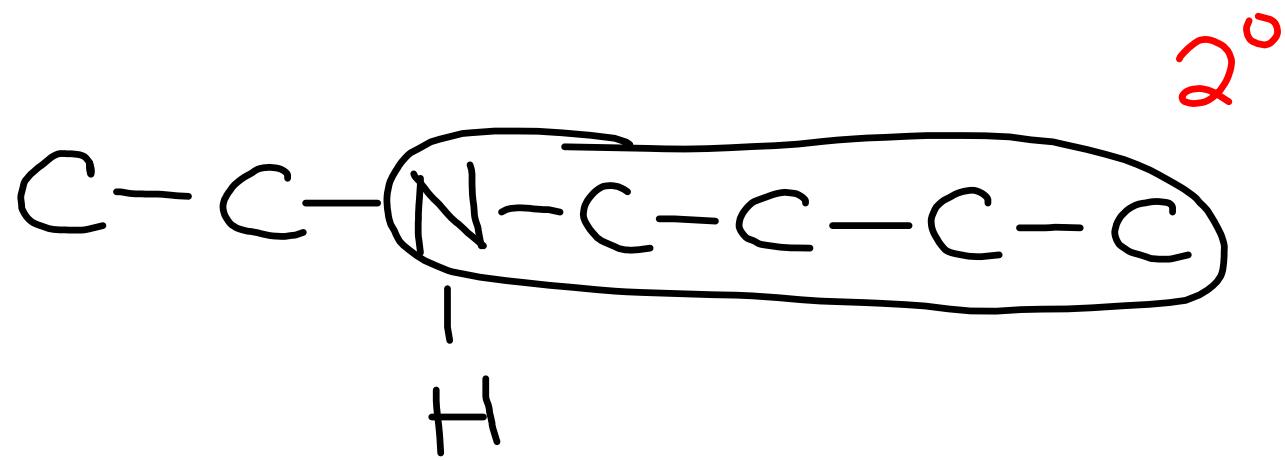

2-propanamine

2-amino propane

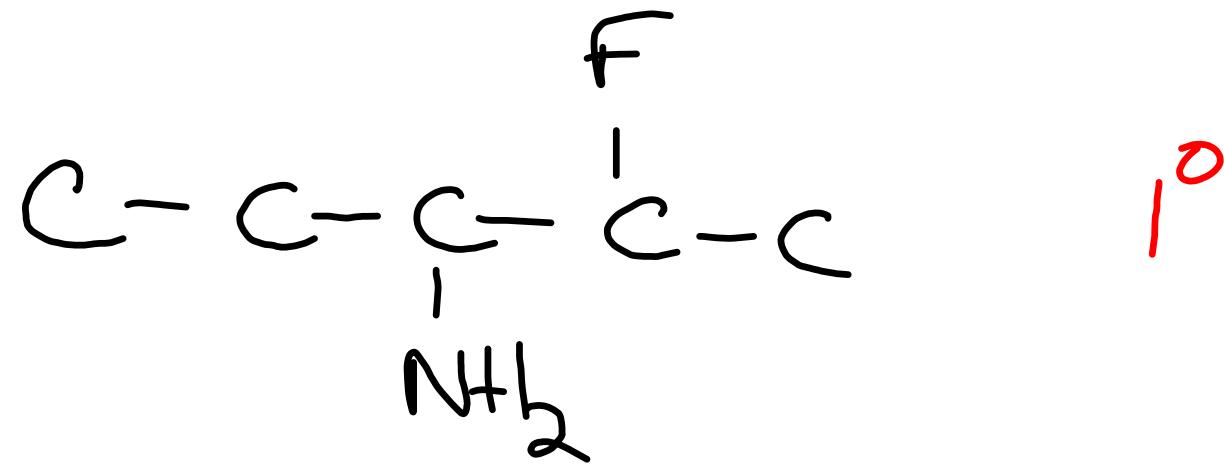

3-phenyl-4-amino pentanoic acid
3-phenyl-4-amino pentanoic acid

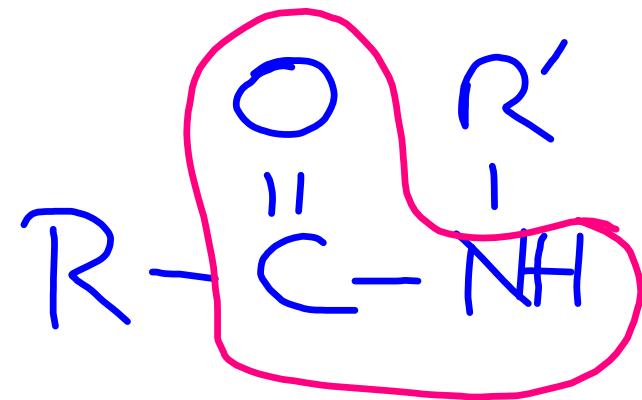

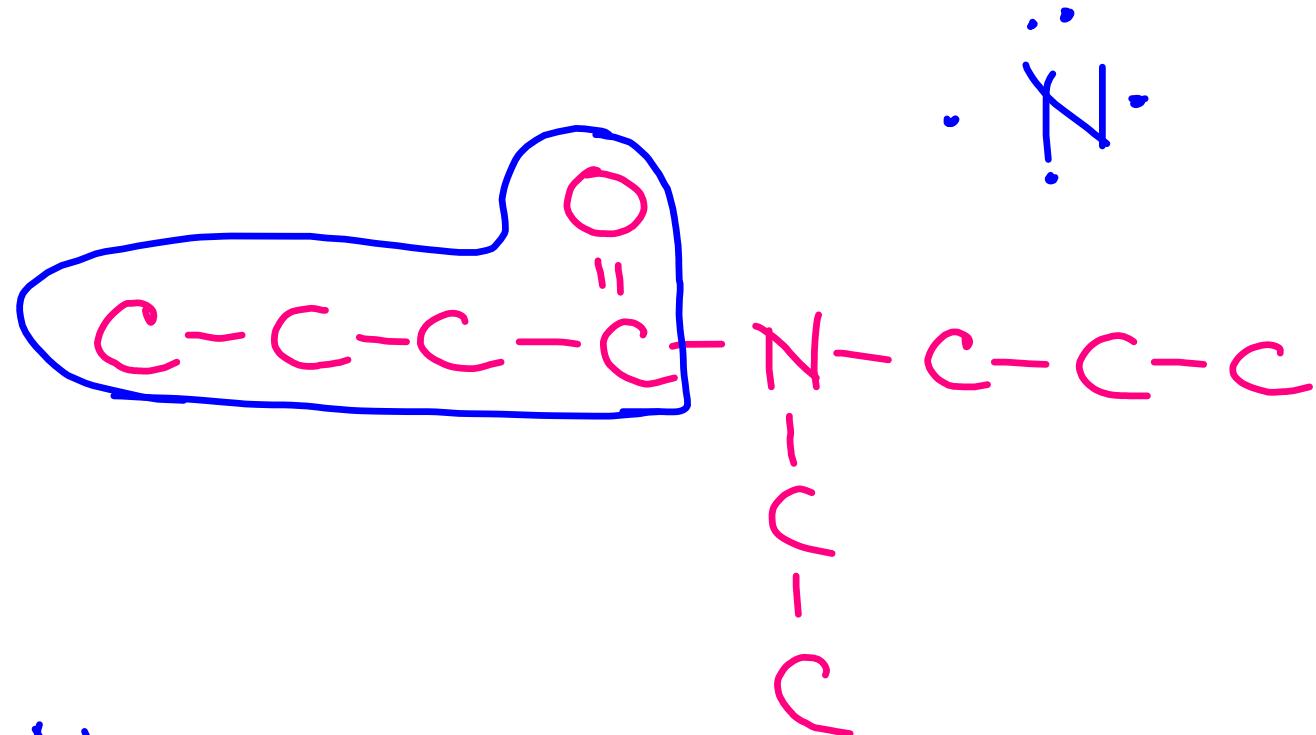

N-ethyl butanamine
ethyl butyl amine

2-fluoro-3-pentanamine

2-fluoro-3-aminopentane

N-ethyl-N-propyl butanamide

Title: Feb 28 - 4:25 PM (18 of 18)
