Strategic Planning Areas of Focus

- Empower Student Success: Equitably link Students with their Aspirations
- Strengthen Our Region's Economic Future: Teach and Train for a Brighter Tomorrow
- Sustain and Invigorate our Planned Future: Reimagine Human, Financial, and Physical Resources

Empower Student Success: Equitably link students with their aspirations

Theme #1: Provide support for the student of today and tomorrow through integrating tools and support as early as possible, coordinating services, and providing a more human touch.

Empower Student Success: Equitably link Students with their Aspirations

Theme #2: Intentionally and specifically support interested students to transition from noncredit to credit credentials.

Empower Student Success: Equitably link Students with their Aspirations

Theme #3: Identify academic areas for the College to focus on for the future. Which programs need to be grown? What are we missing? What do we do well?

Empower Student Success: Equitably link Students with their Aspirations

Theme #4: Provide exploratory degree programs that allow students to sample college-level courses and access information (i.e., statistics) about career choices and potential pathways.

Strengthen our Region's Economic Future: Teach and Train for a Brighter Tomorrow

Theme #1: Expand workforce development through collaboration and partnerships by identifying business, industry and cultural trends which are responsive to evolving community needs.

The logo for SUNY Orange, featuring a stylized orange ring with a white outline that overlaps the text.

SUNY ORANGE

Strengthen our Region's Economic Future: Teach and Train for a Brighter Tomorrow

Theme #2: Identify and address the needs of an increasingly diverse population and workforce through consideration of changing student demographics and improved evening and online course offerings.

Strengthen our Region's Economic Future: Teach and Train for a Brighter Tomorrow

Theme #3: Commit to meaningful, ongoing faculty support and development to ensure our faculty have access to and experience with rapidly developing technologies and knowledge in their areas.

Strengthen our Region's Economic Future: Teach and Train for a Brighter Tomorrow

Theme #4: Develop relevant and flexible programming that appeals to both the short-term and long-term needs of those not currently pursuing a degree program using new models (micro-credentialing, stackable certificates, value-added certificates).

Strengthen our Region's Economic Future: Teach and Train for a Brighter Tomorrow

Theme #5: Expand and integrate the role of workforce development and CAPE into all areas of the College through pathways that encourage/link/lead noncredit pathways to the workforce and/or degree completion.

Strengthen our Region's Economic Future: Teach and Train for a Brighter Tomorrow

Theme #6: Reposition the College as the hub for community learning, engagement, enrichment and growth for all residents of the County while emphasizing the pillars of our institution: academic and faculty excellence.

Sustain and Invigorate Our Planned Future: Reimagine Human, Financial, and Physical Resources

Theme #1: Use human, financial, and physical resources to collectively and cohesively achieve holistic, student-centered outcomes with the common goal of enhancing the student experience.

Sustain and Invigorate Our Planned Future: Reimagine Human, Financial, and Physical Resources

Theme #2: Foster a culture of collaboration, communication, and ongoing assessment to equitably and consistently utilize resources between departments and campuses, with clearly defined employee roles.

Sustain and Invigorate Our Planned Future: Reimagine Human, Financial, and Physical Resources

Theme #3: Foster collaboration with community partners and educational institutions to enhance funding opportunities.

Sustain and Invigorate Our Planned Future: Reimagine Human, Financial, and Physical Resources

Theme #4: Strengthen the partnership with the Foundation utilizing ongoing and consistent assessment to align the goals of the college, the Foundation, and our community partners.

Sustain and Invigorate Our Planned Future: Reimagine Human, Financial, and Physical Resources

Theme #5: Maximize and more efficiently use the existing technologies and physical resources of the institution by establishing plans and processes that allow for upgrading and maintaining current resources.

Feedback

- Please share with us your first impressions of the themes identified in each strategic area of focus
- These themes will become our Strategic Goals
- This presentation will be available for review along with the opportunity to provide further written feedback: a link will appear in the January 16 Campus Grapevine
