Introduction to CCHSP

CCHSP offers high-achieving high school juniors and seniors the opportunity to earn college credits while attending high school. The Program provides a number of benefits. It introduces students to the academic challenge of college level courses, shortens the time period needed to complete a college degree, and offers a strong addition to college applications. Many – but not all – two-year colleges and four-year colleges accept dual-enrollment credits, and you may want to check the websites of individual colleges to learn about their transfer-credit policies.

The information contained in this abbreviated guide is intended to answer the questions most frequently asked by participating students and their parents regarding the SUNY Orange, Community College in the High School Program (CCHSP). It is not intended as a substitute for the *College Catalog*, the *Student Handbook* or the *Academic Policy Manual*.

SUNY Orange CCHSP Participants

John S. Burke Catholic High School; Chester Academy; Cornwall Central High School; Goshen High School; James I. O'Neill High School; Minisink Valley High School; Monroe-Woodbury High School; Newburgh Free Academy; Orange-Ulster BOCES; Pine Bush High School; Port Jervis High School; S.S. Seward Institute (Florida); Valley Central High School; Warwick Valley High School; and Washingtonville High School.

Student Eligibility

To participate in the program students must meet the below criteria and be recommended by their instructor(s) and guidance counselor as being suitable for the program. Exceptions must be approved on a case-by-case basis by the appropriate SUNY Orange Department chair. In the case of waivers, the SUNY Orange placement exam, a writing sample, work sample or other additional information may be requested.

In consideration of the current Regents exam policies, the CCHSP criteria for the 2022-2023 academic year will be as follows:

- Seniors require 1) a minimum GPA of 85 and 2) a grade of 85 or higher in the applicable Regents exam OR a final course grade of 85 or above in the applicable Regents course.
- Juniors require 1) a minimum GPA of 90 and 2) a grade of 90 or higher in the applicable Regents exam OR a final course grade of 90 or above in the applicable Regents course.
- As has been the case, for disciplines in which no Regents exam is normally offered (languages, film, engineering, accounting, etc..) the GPA is the only criterion.

Registration and Tuition Payment

At the beginning of each semester, registration information and links to online registration instructions will be sent to prospective CCHSP students by their CCHSP instructors.

CCHSP tuition for 2022-2023 is \$39 per credit.

All students incur non-refundable tuition upon registration; non-payment does not limit a student's liability. Payment is by check or credit card only. Outstanding financial obligations will prevent future registrations as well as preventing students from obtaining their official transcripts from SUNY Orange.

Checks should be made payable to SUNY Orange and mailed to: SUNY Orange, Student Accounts Office, 115 South Street, Middletown, NY 10940. Please write the student's name and birthdate on the memo line of the check.

Credit card payments may be made at <http://www.sunyorange.edu/studentaccounts/>. Choose the option for "Make a Payment," scroll down to the middle of the screen and click on the "CCHS (Community College in the High School)" link. Please note the following: At the bottom of the page, select "Community College in HS" as the payment type. The student's birthdate may be entered in lieu of the student ID number. There is a 2.75 percent fee for online payment.
